Attention: To All Proponents

Dear Sir/Madame:

**Re: Request for Proposal 4027P Addendum No. 2 Consulting Services Steveston North AC
Watermain Replacement and Storm and Sanitary Sewer Upgrades**

This Addendum includes items of clarification, forms part of the Contract Documents and shall be read, interpreted and coordinated with all other parts. Please review and consider the following information in the preparation of your proposal:

Q1. Regarding Item 11.1.2 - Survey and Base Plan, it is required to transfer all hardcopy as constructed information on the plans. In order for us to estimate the amount of effort required for this task, please could you advise if as-constructed information will be required to be transfer onto the profiles too? Are the information imperial units that needs to be converted into metric? Would you be able to provide a sample of an as-constructed drawing?

A1. As-constructed information will be required to be transferred onto the profiles. Depending on the year of the information it may be in imperial units or metric. All units in the design drawing are to be in metric.

Proponents must sign and include this Addendum with their submission.

Signature, Name and Title

Yours truly,

A handwritten signature in cursive script, appearing to read "Sumita Dosanjh".
