## Local History

Britannia is a rare surviving example of a once thriving mixture of canneries, boatyards, residences and stores. Construction began here in the 1880's, and buildings changed their uses over time until the end of the era in the 1970's.

Now gradual restoration will replicate the "feel" of that bygone time.

Britannia is owned and operated by the City of Richmond. It is a National Historic Site dedicated to the preservation and restoration of the Shipyard and surrounding buildings as an active wooden boat centre and waterfront park.
