## **Richmond Nature Park Society Supporter**

The Richmond Nature Park Society is a non-profit organization that works in partnership with the City of Richmond to provide environmental educational programming in the Richmond Nature Park and surrounding community.

The Society provides governance, sets policy for Park programs, hires interpretive staff, carries out and fosters ecological research, and advocates on behalf of the Park and other natural areas in Richmond.

The Society was founded in 1972 and incorporated in 1977. It was formed by a group of local residents with a strong

interest in nature, environmental protection, and outdoor education. They worked with the Municipality of Richmond to establish a nature centre for the benefit and enjoyment of the residents of Richmond and the Lower Mainland.

Since that time, the Society has been actively involved in Park development and maintenance, program and exhibit development, environmental research throughout Richmond, and Park promotion. In particular, the Society fundraises to provide resources for the Nature Park's school programs, and provides program and educational venues for all ages.

## Benefits to being a Society Supporter

Your membership supports the work of the Richmond Nature Park Society. If you would like to further your involvement with the Park you may:

- become a Board member or Committee member and assist with programming, fund raising, special projects or research;
- become an education volunteer;
- be a Park volunteer and assist with trail maintenance, the wildlife garden, or special events.

## What we offer

- Entertaining and educational elementary school programs (Tuesday to Friday) throughout the school year introducing children to natural history concepts from bogs to bees...
- Regular special events throughout the year for adults and children, including seasonal favourites like "Nature Comes to Light"
- Monthly birding walks in Terra Nova led by a park naturalist
- Guided walks in the Park every Sunday afternoon at 2pm
