

Sprinkler Design Concept Review

No.: BUILDING-25

Date: 2011-02-01

Revised: 2011-02-07

Due to a temporary reduction of professional design review capacity in the Building Approvals Division, as of March 1, 2011 the following schedule will now be required to be submitted as a part of the Sprinkler Permit Application:

- Schedule H – Assurance of Independent Sprinkler Design Concept Review

This letter of assurance must be submitted before issuance of a sprinkler permit. Schedule H is not required for permit applications that do not require drawings.

Should you have any questions, comments or suggestions concerning this bulletin, please contact the Building Approvals Division at 604-276-4285.
