### Easy Guide to Recreation

The Easy Guide aims to assist parents with limited English skills to enrol their children, aged 6-12 years in parks, recreation and cultural programs.

It provides information on how to register for programs, location and contact details for recreation and cultural facilities and how to use the Parks, Recreation and Culture Guide.

The Easy Guide is currently available in English, Korean, Spanish, Russian, Tagalog, Mandarin and Punjabi and can be found at the Richmond School Board or online at [www.richmond.ca/easyguide](http://www.richmond.ca/easyguide).

For more details, contact the Richmond School Board at 604-668-6000 and ask for a Cultural Interpreter or contact Richmond's Cultural Diversity Coordinator at 604-276-4391.

It takes a lot of paper to print a guide like this for our many customers.

To minimize our environmental impact, this guide has been printed on recycled paper and is also available on the City website at [www.richmond.ca/guide](http://www.richmond.ca/guide).

We'll keep looking for ways to further reduce our environmental footprint. Thank you for your support.
