Richmond, BC V6Y 2C1

Dear Sirs:

**Re: Irrigation System at** \_\_\_\_\_

This letter will confirm that I am the owner of the above property. I hereby declare that the irrigation system at the above property will not be subjected to the injection of any chemicals, ditch water, or any non-potable water.

I understand that the injection of any chemicals or non-potable water into the irrigation system piping would require the installation of a reduced pressure backflow preventor at the property line. I hereby declare that the City will be informed and the required device installed should the circumstances change.

The bearer is hereby authorized to act as my agent and to obtain the water connection permit on my behalf.

**Signed:** \_\_\_\_\_
