4. I think the following sections of the Canada Line guideway should be lit up:

- at Canada Line transit stations
- at major cross streets
- at minor cross streets
- along the entire guideway
- at mid-block locations
- no preference to location / unsure / don't know
- do not like the idea of special effect lighting

Additional comments can be written on the back of the page.

5. I think the special effect lighting on the Canada Line guideway should be:

- Single colour lighting
- Multi-coloured lighting

Comments:

---

6. I believe the Canada Line guideway should be lit:

- On one side of the guideway only:  Road Side  Pedestrian Side
- On both sides of the guideway

Comments:

---

7. I feel the special effects lighting along the Canada Line guideway should be:

- Continuous throughout the year
- Used only for special occasions
