**Re: RFQ 3548Q  
Addendum No. 1**

1. The number of seats to be supplied and installed has been reduced from 550 fixed seats and 60 removable seats (610 total) to 558 fixed seats and 47 removable seats (605 total). See attached seating breakdown.
2. The specifications ask for (115) seating aisle lights, for every row of seats. This will not be required. Provide pricing to include aisle lights at every second entire row of seating or aisles D, F, H, J, L, N, P, R, T (partial), U, and V. Row T will have the centre seats illuminated but the 2-seats on balcony left and 2-seats on balcony right will not require lighting. Total seating aisle lights is 52. (See attached seating layout.)
3. The City will provide electrical wiring to serve the illuminated row of seats described above. The seating contractor will connect the seating aisle lights to the new power supply provided.
4. The removable seats are to be individual seats, so that the seats can be removed one at a time

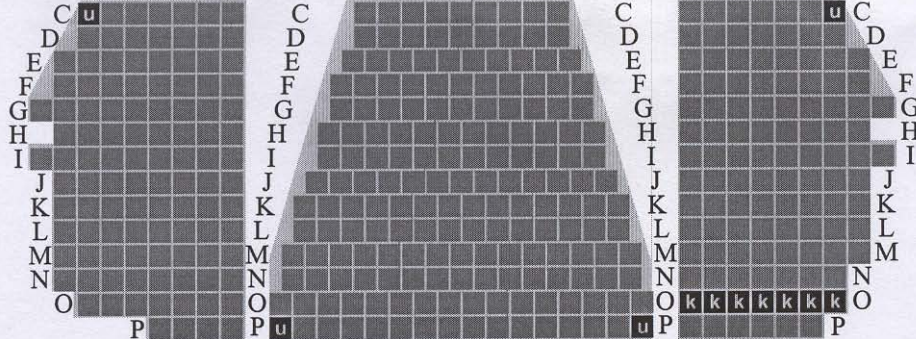

Sorry for any inconvenience.
