

To: Richmond City Council
From: Councillor Harold Steves, Chair
Planning Committee
Re: **Building Height Restrictions**

Date: February 20, 2008
File:

The Planning Committee, at its meeting held on February 19, 2008, considered the Building Height Restrictions issue, and recommends as follows:

Committee Recommendation

That a letter be prepared to Peter Dhillon, the City's representative on the Vancouver International Airport Board (YVR), for the Mayor's signature, with a copy to Larry Berg, CEO of YVR, to:

- (1) request a status report on the suggestion that building height restrictions in the southern section of the City Centre be increased; and*
- (2) suggest that a meeting, attended by City representatives, Peter Dhillon and Larry Berg, take place before the YVR Board responds to the City's letter.*

Councillor Harold Steves, Chair
Planning Committee
