Marihuana Grow Ops....

are in homes and commercial/industrial areas. The building's interiors have received significant structural or electrical modifications. Grow ops are very often linked to organized crime. They are also the target of property crimes and crimes of violence. Firearms play a major role in grow ops as criminals actively seek out grow ops as targets for armed robbery. Residents/businesses located next to grow ops are at an increased risk of being exposed to gun violence. Indicators of a Grow Op:

- Occupants avoid contact with neighbours.
- Visitors come and go at odd hours.
- Windows are closed and covered to conceal activities inside.
- Condensation may be present on window panes.
- Sounds of humming from electrical equipment can be heard.
- A strange skunk-like odour is present.

To report a possible grow op (you can remain anonymous) call:

- Richmond RCMP @ 604-278-1212
- Richmond RCMP Drug Tip Line @ 604-207-4762
- Crime Stoppers @ 604-669-8477 or www.solvecrime.ca

Business Safety Tip

Record the make, model and serial number of all your equipment. Make two copies, keep one on site and the other off site.

To receive email alerts of neighbourhood commercial break and enters, register your business name and street address at:
