

The City of Richmond invites you to participate in the Dementia-Friendly Richmond Project

The City of Richmond has received a grant to create a Dementia-Friendly Community Action Plan for Richmond. A Dementia-Friendly community is one that focuses on the inclusion of people living with dementia, ensuring support and accessibility for all residents.

People living with dementia and those affected by dementia – including friends, family, caregivers, neighbours and coworkers are invited to share their experiences and provide input by completing a survey or by attending a neighbourhood focus group.

Opportunities to Provide Feedback

Neighbourhood Focus Groups

Please share your experiences at small group sessions with others living with and affected by dementia.

- Registration is required and available 3 ways: internet, in person and through the Registration Call Centre.
- Please quote the seven-digit course number listed at your preferred location.
- Translation in Cantonese, Mandarin and Punjabi is available at locations indicated and must be made at the time of registration.
- Bus transportation is available from select community centres to the focus groups indicated and must be made at the time of registration.
- Two caregivers sessions for those caring for someone living with dementia are available.
