

City of Richmond Recycling  
and Solid Waste Management

# REPORT 2025

WORKING TOGETHER TO REDUCE, REUSE AND RECYCLE

Environmental Programs is responsible for residential garbage and recycling services, including collection, drop-off services at the Richmond Recycling Depot, public spaces recycling and litter collection services.

With Council's leadership and commitment to strategic planning and policy, the City strives to help create more sustainable waste management through our programs and services to support a circular economy. The City believes that it is our responsibility to support our community and preserve our planet for future generations.

Through outreach and engagement, working with our residents and local businesses, and partnering with local agencies, the City also strives to meet and exceed all regional waste diversion goals by continuously expanding our programs and service offerings.

# Reuse and Recycle are Key to Waste Reduction

As part of its commitment to sustainable waste management, the City of Richmond has implemented a variety of programs to help residents reduce, reuse and recycle.

Throughout the year, City staff host a number of events and activities to help residents to not only learn more about how to reduce waste, but also connect with each other. This includes the popular Reuse & Repair Cafés, Richmond Recycling Depot tours, Bike Reuse and Dog Waste Collection Pilot Programs, Green Ambassadors, Recycling Champions and more.

Residents continue to show their dedication to reducing waste while embracing new opportunities to reuse and recycle. Through ongoing collaboration with the community, Richmond aims to be a fully circular city by 2050, as outlined in the *Richmond Circular City Strategy*.

**WORKING  
TOGETHER  
TO REDUCE,  
REUSE AND  
RECYCLE**

# 1.0

## Annual Outlook

Richmond's continued success with waste diversion and actions that support a circular economy is thanks to residents, businesses and community organizations working together and leveraging City programs and services.

Richmond remains focused on delivering programs and services that make it easy for community members to reduce waste, extend the life of household products and recycle correctly so materials will be accepted by processors and kept out of the landfill. In 2025, the City's commitment to sustainable waste management included exploring new service options through pilot programs, expanding recycling programs and outreach initiatives, and keeping residents informed through education and awareness campaigns.

Recognizing the growing issue with textile waste, which is increasing significantly due to factors such as "fast fashion" resulting in quick changing trends and low quality fabric with decreased durability, Richmond has taken action to encourage repair and reuse of textiles. The City established textile recycling at the Richmond Recycling Depot, resulting in 72,795 lbs (33,019 kg) of collected clothing and other textiles in 2025. These collected materials are sorted, with gently used items being recirculated for use through partnership with Auxiliary to BC Children's Hospital. To help raise awareness about reducing textile waste, the City also launched its Rethink Clothing & Textiles marketing campaign. The campaign encourages residents to reuse and repair clothing rather than buying new, and includes tips on how to donate, sell or repurpose items.

**33,019**  
**KG OF TEXTILES**  
**COLLECTED**

The City also expanded its Repair Fairs, which focused on free repairs, into Reuse & Repair Cafés where residents can also share and trade donated items to support reuse. The City hosted 12 Reuse & Repair Café events in 2025 with residents bringing clothing, textiles, small appliances, bikes and electronics for repair.

*Continued >*

## Working with the public and partners, Richmond made continued progress in 2025 through initiatives to improve recycling, reduce waste and encourage reuse.

These highly popular events are delivered with the help of volunteer repair specialists. This program, funded in part by Metro Vancouver, resulted in an estimated 379 repaired items, including 30 toys at the “teddy bear hospital” event, plus 250 donated items were recirculated for continued use. The City also reached a milestone in 2025 with one thousand items repaired since the inception of the program. *(See pages 24 and 25 for more information about these programs.)*

Working with community partners is also the foundation of the successful Bike Reuse Pilot program, which concluded in 2025. Approximately 500 bicycles are taken to the Richmond Recycling Depot each year. The pilot program involved assessing bikes to determine if they were suitable for refurbishing, making repairs where needed, and then distributing the used bikes to residents through a partnership with the Pedal Foundation, a registered charity. Through the program, 33 bikes were fully repaired, refurbished and donated to Richmond residents. While the majority of bikes were correctly dropped off for recycling and were not suitable for repairs, an additional 1,553 bike parts were salvaged from these bikes and reused to support bike repairs. Based on the success of the pilot program, a City-run bike reuse program has been approved for implementation in 2026.

Richmond has a long-established commitment to working with local youth to promote responsible, sustainable waste management, support a circular economy and build leadership skills through its high school Green Ambassador program. Following a comprehensive review of the Green Ambassador program, the City is exploring new opportunities to support youth through the development of a pilot program that involves partnering with Youth Climate Corps BC to hire youth to work on City projects that relate to climate action and resiliency.

Established in 2020, Youth Climate Corps BC is a non-profit organization that empowers youth to take action to address the climate crisis. This includes providing jobs at a liveable wage and training young people to encourage them to engage in their communities and gain hands-on experience in climate-based jobs while building leadership mindsets around climate resiliency.

The City's new pilot program, which will start in 2026, is specifically targeted to Richmond youth, and will provide them with paid, hands-on experience working on City projects.

Richmond also continues to work closely with Recycle BC in a shared commitment to encourage consistent, high quality recycling. A new contract was set in 2025 that increased incentives for the collection of packaging and printed paper and helped lower Richmond's recycling utility rates for 2026. The City also completed its bi-annual audit at the Richmond Recycling Depot to determine the percentage of commercially generated flexible plastic, glass and Styrofoam being dropped off for recycling.

In response to Recycle BC reports that highlight recycling contamination concerns and to address staff and contractor safety, the City implemented education and awareness campaigns and worked together with partners in the community to provide tips and enhanced services.

The City worked in partnership with BC Housing, IKEA and the Richmond School District to provide 47 outreach events with information on how to sort recycling correctly and reduce waste. As well, Richmond continued engaging with Recycling Champions, its outreach program in multi-family complexes. The program focuses on recruiting volunteers and providing them with training and resource materials to help increase and improve the quality in their buildings. *(See page 9 for more information about the Recycling Champion program.)*

The City continued its Back to Recycling School campaign, which emphasized the importance of recycling glass and hazardous materials correctly. The campaign highlighted common hazardous items, explained why they need special handling and provided tips on how to recycle these materials safely to protect people, animals and the environment.

**47**  
**OUTREACH**  
**EVENTS**

*Continued >*

**13,500  
KG OF  
DOG WASTE  
COLLECTED**

Richmond also completed a Dog Waste Collection Pilot Program which was developed to reduce the amount of organic material decomposing in landfills and emitting methane gas. The pilot program provided designated dog waste collection carts at three off-leash dog parks in Richmond.

Over the 12-month program, 13,500 kg of dog waste was collected, diverting this waste from the landfill.

The City will be expanding the Dog Waste Collection Program to all off-leash parks and some trails, along with a communications campaign to provide dog owners with tips on how to properly dispose of dog waste.

Thanks to the success of these many new initiatives and programs in 2025, the City continues to make strides towards its circular economy goals and its commitment to being a leader in recycling and sustainable waste management.

## Together we can change habits and make better choices that support a circular economy.

### LET'S RETHINK WASTE

Changing our habits to think differently about purchases, avoiding unnecessary waste and finding ways to reuse and recycle products contribute directly to positive outcomes like reducing reliance on raw materials.

Ultimately, it's about shifting to a circular economy, where the materials we use stay in circulation to be used, reused or repaired, and recycled multiple times into new products.

#### TOP TIPS TO REDUCE WASTE:

- Avoid single-use items – choose reusable instead
- Choose products with minimal packaging
- Buy, sell, trade or donate household items
- Choose products with recycled content
- Repair products when possible
- Rethink – take a moment to assess:
  - Do I need this item?
  - Will it create unnecessary waste?
  - How can it be reused or recycled?

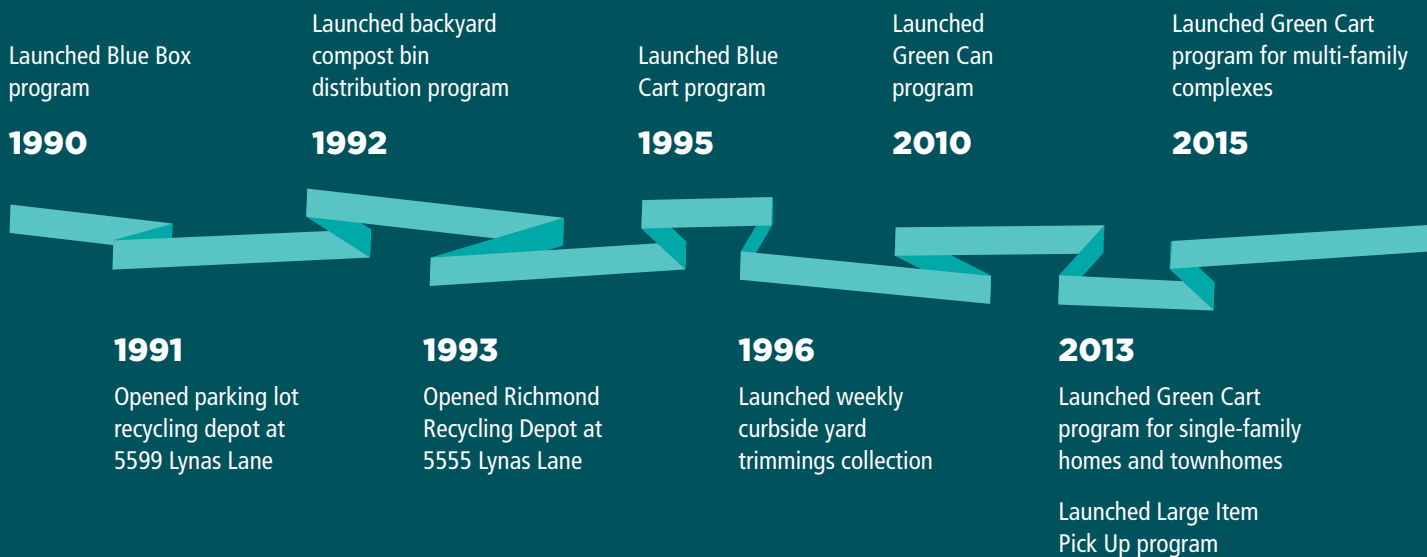

# 1.1

## 2025 Top Accomplishments

This report showcases some of the key achievements in 2025 and looks back on the City's top accomplishments over the past 30-plus years.

### RECYCLING MILESTONES

**1 ENHANCED TEXTILE RECYCLING**

Established bins at Richmond Recycling Depot and collected 33,019 kg of textiles. Launched a Rethink Clothing and Textiles campaign to promote reuse and repair options.

**2 COMPLETED BIKE REUSE PILOT PROGRAM**

Reported to Council on pilot program outcomes and secured approval for ongoing City program. Pilot program resulted in full repair of 33 bikes as well as 1,553 bike parts salvaged to use in bike repairs.

**3 REFRESHED CORPORATE RECYCLING PROGRAM**

Recruited 27 City staff as Recycling Champions to lead recycling at City facilities, generated 442 We Recycle pledges from staff and engaged staff through quizzes and workshops.

**4 INTRODUCED REUSE & REPAIR CAFÉS**

Rebranded Repair Fairs to Reuse & Repair Cafés, holding 12 events where 379 items were repaired and 250 donated items were recirculated.

**5 EXPANDED OUTREACH**

Hosted 47 outreach events, including promoting new outreach opportunities through partnerships with BC Housing, IKEA, S.U.C.C.E.S.S. and the Richmond School District.

**6 SUPPORTED GREEN AMBASSADORS**

Green Ambassadors attended 10 symposiums, planning or training sessions, and supported nine events with over 1,600 volunteer hours.

**7 FACILITATED IMPROVED RECYCLING INCENTIVES**

Provided feedback to Recycle BC which led to the development of new contracts, resulting in reduced utility rates for 2026.

**8 CONDUCTED RECYCLING AUDIT AT THE DEPOT**

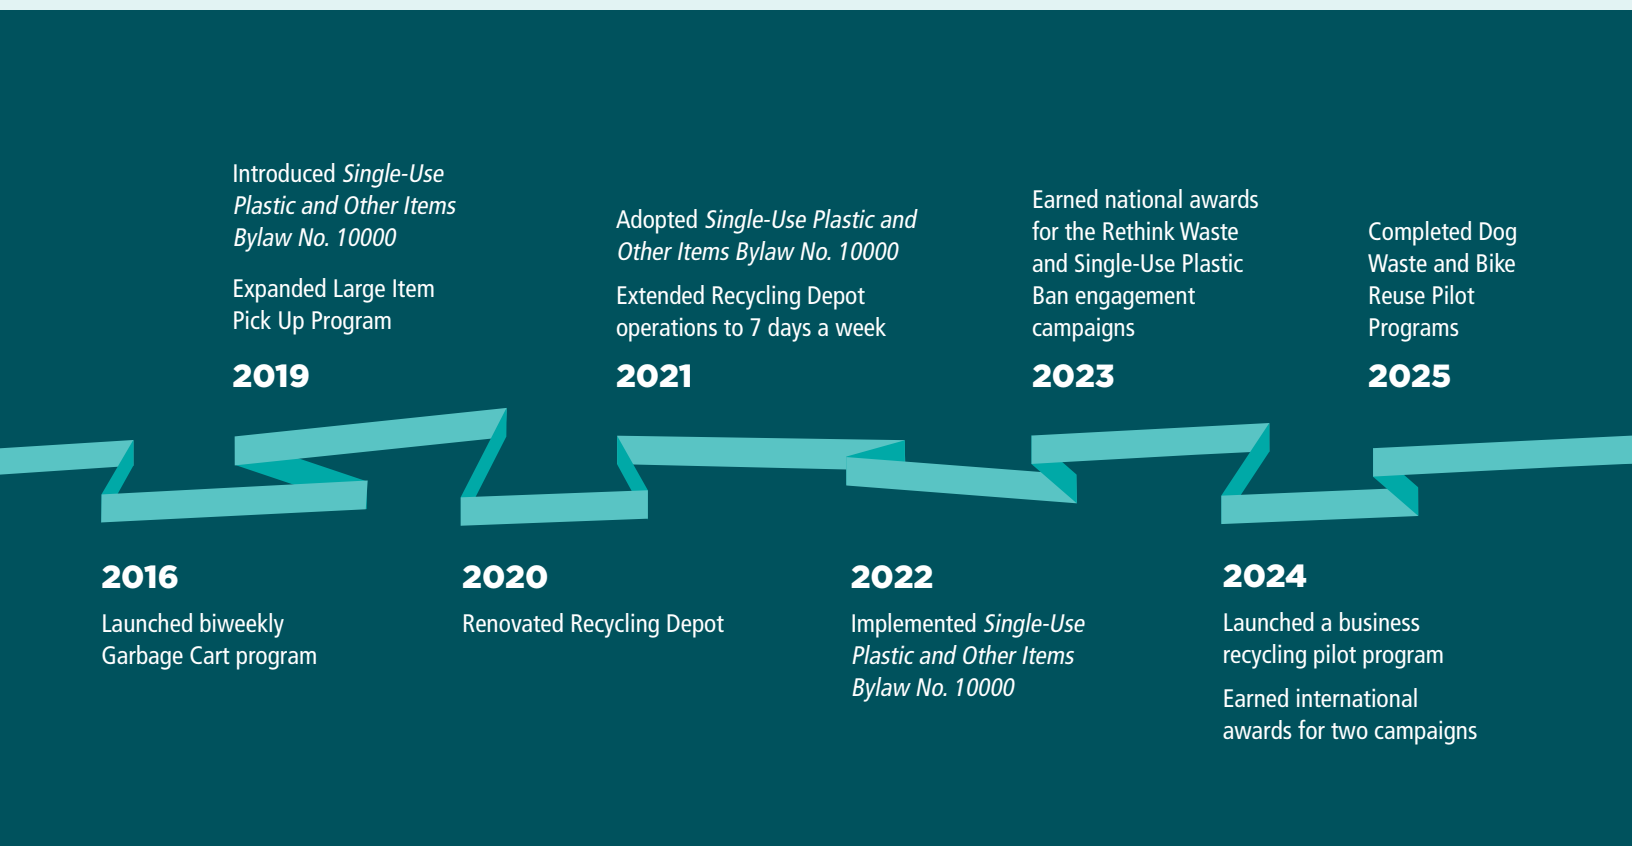

Provided temporary bins at the Recycling Depot to determine the percentage of commercially generated flexible plastic, glass and polystyrene (Styrofoam) being dropped off for recycling.

**9 IMPROVED DEPOT INFRASTRUCTURE**

Improved safety by stabilizing the foundation for the lock block wall for the yard trimming section and improved the recyclability of stored materials by installing a tent to keep recycling dry.

**10 EXPANDED RECYCLING AT BUS STOPS**

Completed retrofits to about 150 bins provided by TransLink to add mixed paper recycling at select bus stops in Richmond.

# 1.2

## Setting Goals

Richmond's long-term goal is to support a circular economy through sustainable waste management, and the annual goals listed here are designed to help achieve this target.

- 1 IMPLEMENT THE BIKE REUSE PROGRAM**

Operate a City Bike Reuse program to take bikes in good condition that are dropped off at the Richmond Recycling Depot and provide them to eligible organizations, which will repair and refurbish bikes that will then be donated for reuse in the community.
- 2 REVIEW BUSINESS RECYCLING PILOT PROGRAM**

Review the outcomes of the Business Recycling Resources pilot program and establish future approaches.
- 3 EXPAND DOG WASTE COLLECTION PROGRAM**

Add designated dog waste collection bins at the 13 remaining City off-leash dog areas and some trails as well as implement a communications campaign to educate dog owners on proper disposal of dog waste.
- 4 IMPLEMENT REUSABLE CONTAINERS PILOT**

Test options for reusable containers at the Cherry Blossom Festival and Farm Fest to determine feasibility of integrating reusable containers as part of City-supported events.
- 5 EXPLORE OPPORTUNITIES FOR AI TECHNOLOGY**

Continue to monitor opportunities to incorporate artificial intelligence (AI) technology in waste collection trucks to collect data and enable timely recycling feedback to residents.
- 6 ENHANCE RECYCLING IN PUBLIC SPACES**

Identify and implement opportunities to improve recycling quality in public space bins through a public education and awareness campaign.
- 7 INCREASE AWARENESS ABOUT RECYCLING QUALITY**

Continue to pursue increased community engagement initiatives to help residents and businesses recycle correctly, reduce contamination, and promote waste reduction behaviours.
- 8 LEVERAGE TECHNOLOGY AND COMMUNICATION TO ADDRESS LITTER**

Explore opportunities to use geographic information system (GIS) data to increase litter route efficiency and distribution, and implement a communication and education campaign to raise awareness about reducing litter.
- 9 PARTNER WITH YOUTH CLIMATE CORPS BC**

Launch a six-month pilot program providing youth with paid, hands-on experience in municipal climate related work.

# 1.3

## Richmond Recycling Champions

Richmond has made steady progress towards sustainable waste management, but there are still opportunities for improvement, particularly in multi-family buildings. The Richmond Recycling Champions program helps residents work with neighbours to improve recycling in their building.

While residents in single-family homes divert close to 80% of their waste through recycling, the diversion rate in multi-family buildings is consistently lower, with recyclables still being put in the garbage. There are also challenges with items not sorted correctly or containers not being rinsed of food residue.

When household items are not recycled correctly, it can lead to penalties for the City and increased utility fees for residents. Another risk is contaminated recycling loads may not be suitable for processing and reduce the overall effectiveness of the recycling program. This is not only bad for the environment but is also not a sustainable approach to waste management.

### NEIGHBOURS SUPPORTING NEIGHBOURS

To help address these challenges, Recycling Champions take a leadership role to help their neighbours recycle consistently and correctly. Carol Angell lives in a multi-family building in Richmond. When another owner told her about the Recycling Champion program, she signed up.

“With climate change happening, and when you see all the junk people throw away into the garbage, it’s kind of sad because a lot of things can be recycled and reused,” says Angell. “Since we started recycling several years ago, we now have one little bag of garbage every week, compared to the big bag of garbage that we used to have almost daily.”

As part of its program, the City provides posters, decals and other signage for recycling areas, delivers training workshops and offers tours of the Richmond Recycling Depot on Lynas Lane. City staff share information about how to sort recycling correctly and reduce waste, as well as where recycling goes and how it is processed into new products.

“One of the things I found very good was the visit to Lynas Lane,” says Angell, of participating in a Recycling Depot tour. “They took us to every bin, told us what they did with recycled materials like rubber tires, and showed us the experimental paved area that was created using recycled plastic. They also showed the different items like clothing and books you can drop off. Staff gave us new ideas for what we can recycle in our building.”

Following the training and tour, Angell’s building has started collecting lightbulbs, batteries, and white and coloured polystyrene (Styrofoam) to take to the Recycling Depot.

### CITY COLLABORATION

On request, City staff will complete site audits of recycling and garbage bins to see how well residents are sorting their waste. They then create audit reports and share recommendations on how to address issues. Staff host lobby talks and in-person or virtual workshops for residents, and provide presentations to stratas to share information about how to recycle correctly.

While Angell would like to see additional recycling collection, such as for refundable bottles, cans and flexible plastics, she notes there are current space limitations that make it challenging. However, with the recent efforts to improve recycling in her building, there has been a noted decrease in the garbage sent to landfill.

Looking ahead, Angell is interested in exploring new ways to help residents understand how to recycle correctly.

“I think most people just don’t understand,” says Angell. “All of our signage is pretty good – it’s on the bins and the wall, but we had a suggestion to make our own little signs and put them up once a month. Also, residents can spread the word. The few people I know in the building are really keeners so we can all help.”

Thanks to community partnerships like the Recycling Champions, Richmond continues to make progress towards its goals to support sustainable waste management and become a fully circular city by 2050.

**TOGETHER  
WE CAN  
REDUCE  
WASTE**

# 2.0

## Tracking Our Progress

As part of tracking its progress, the City of Richmond collects data across a broad spectrum of programs, services and activities. This data shows changes in residential recycling and waste diversion over the years, and how new programs are contributing to a circular economy.

The mix of data reported reflects the amount of recycling handled through residential collection programs, the usage and types of materials dropped off at the Richmond Recycling Depot, and a breakdown of the different types of recyclable materials that are being diverted from the landfill through multiple recycling programs.

As well, the City has a number of outreach initiatives that are aimed at increasing awareness and understanding about how to recycle correctly and consistently, as well as how to reduce waste overall.

# 2.1 Diversion Statistics

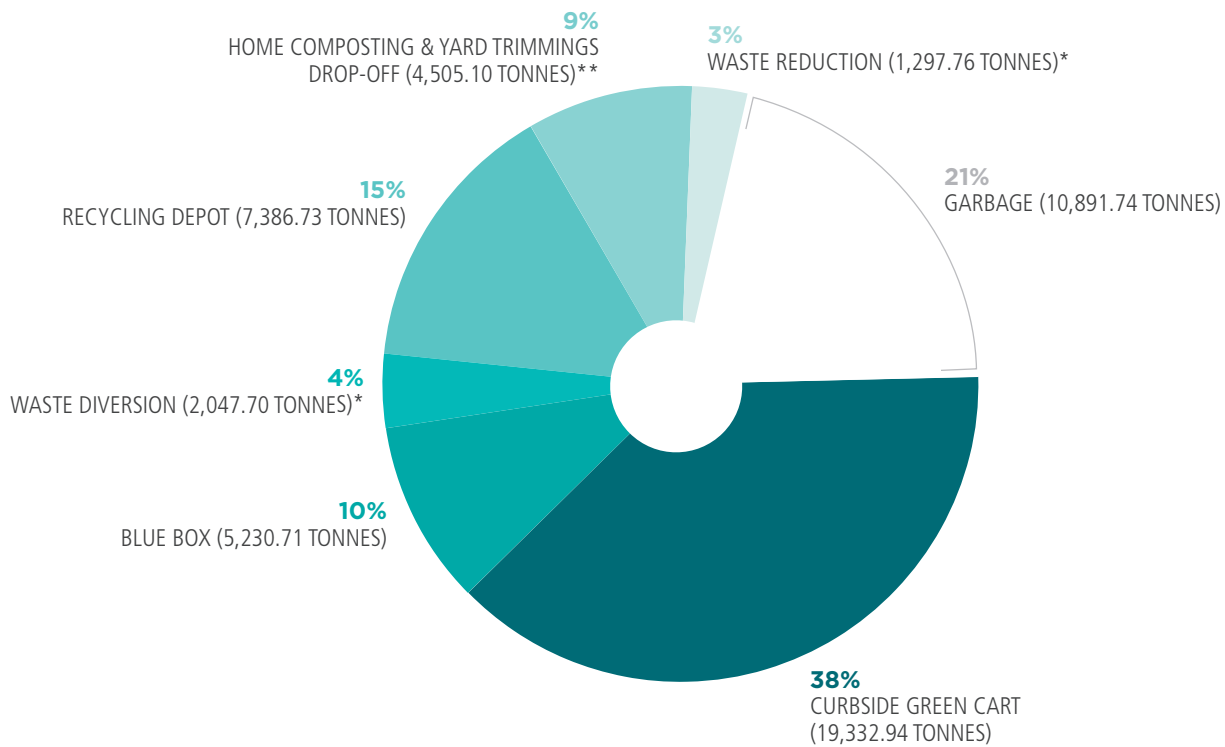

Richmond residents in single-family homes diverted 78.5% of their waste from the landfill in 2025.

## SINGLE-FAMILY RECYCLING IN 2025

Residents took advantage of a variety of programs to divert **78.5% of their waste** from the landfill in 2025.

Residents were able to achieve this waste diversion through a number of recycling and waste reduction opportunities, including curbside and Richmond Recycling Depot collection as well as composting programs.

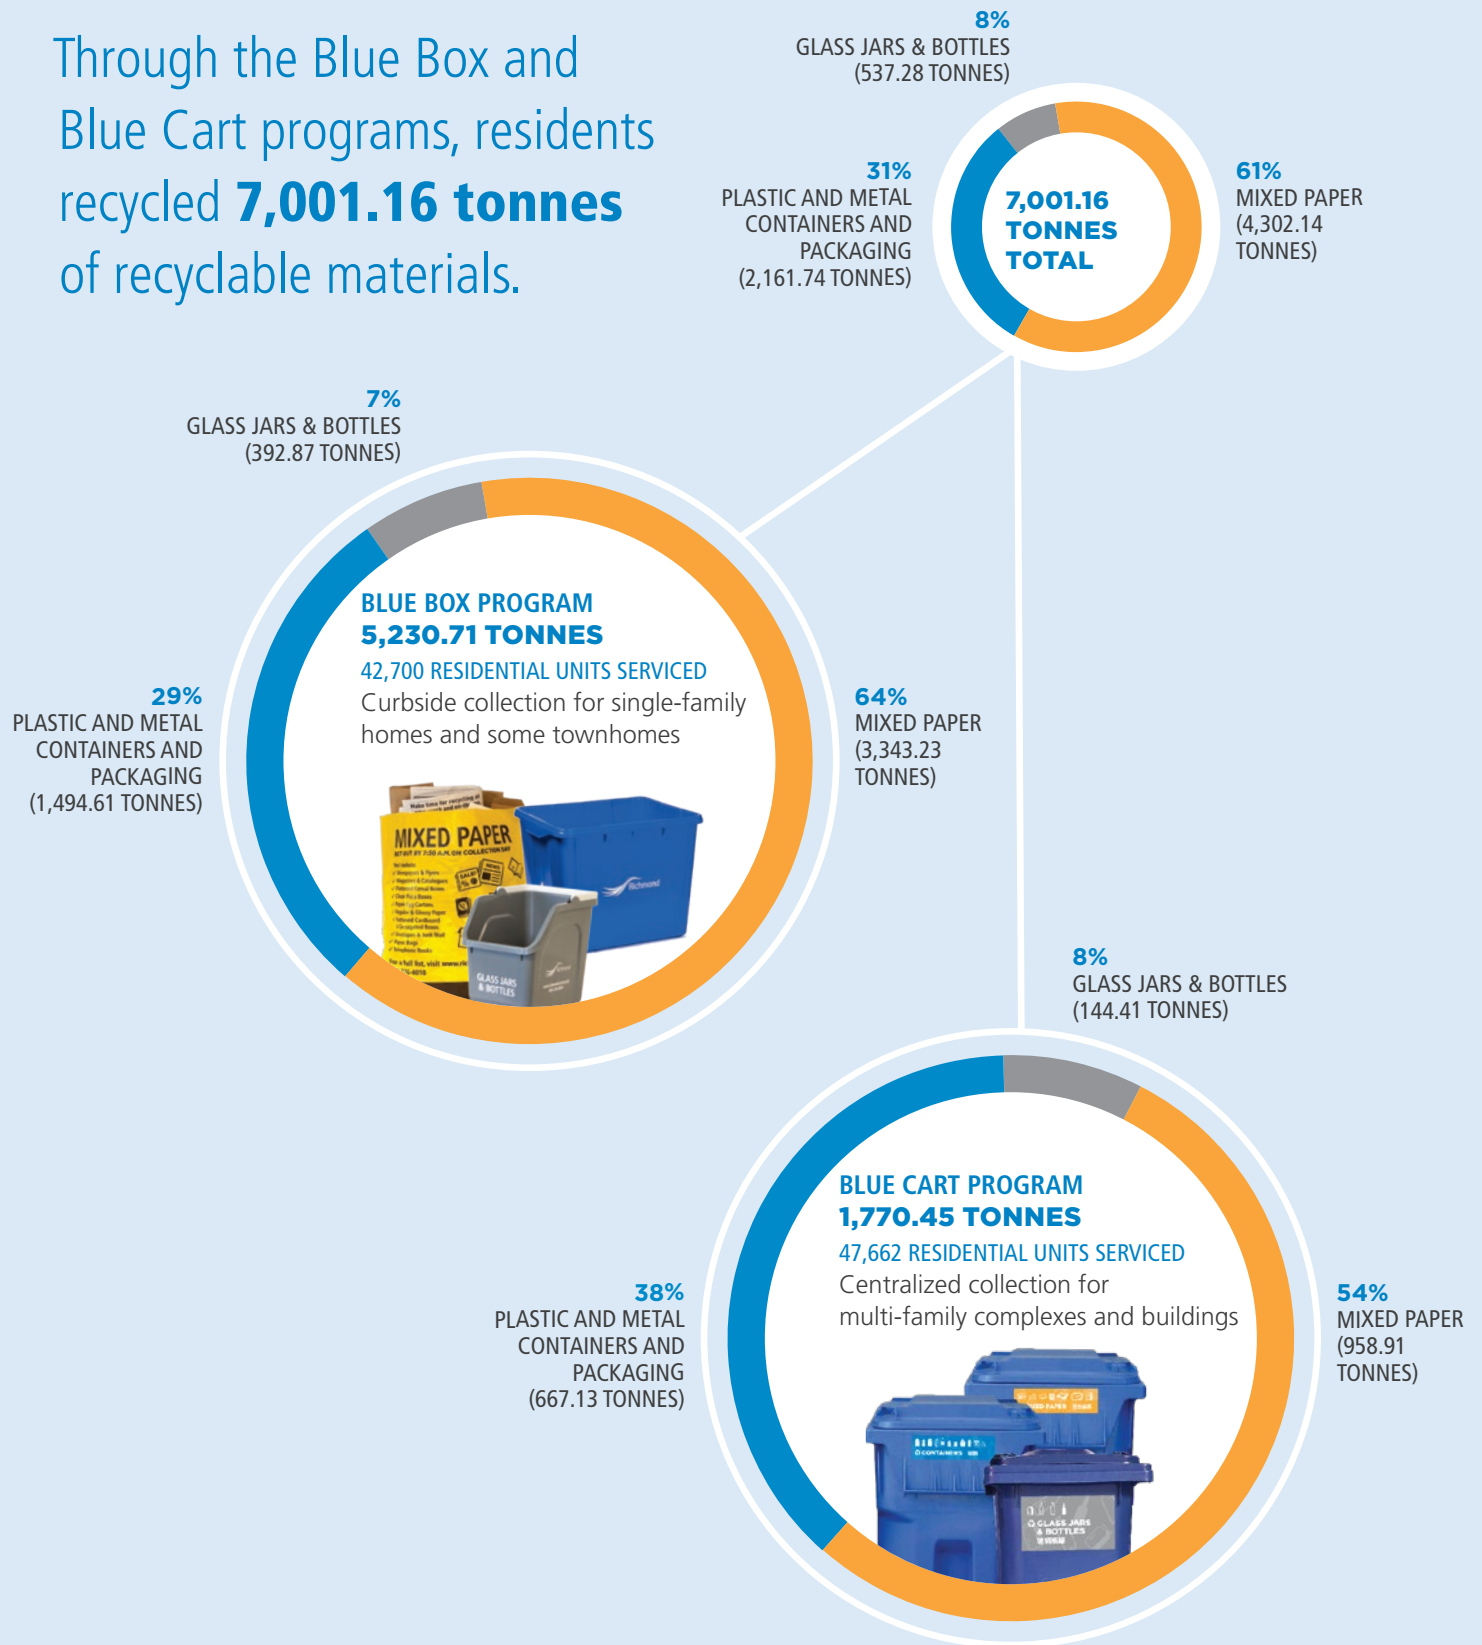

\* Estimated

\*\* Includes estimates for home composting, tree chipping and leaf drop-off programs.

# BLUE BOX AND BLUE CART PROGRAMS RECYCLING MIX IN 2025

Through the Blue Box and Blue Cart programs, residents recycled **7,001.16 tonnes** of recyclable materials.

## RESIDENTIAL GREEN CART RECYCLING IN 2025

Residents diverted **21,917.08 tonnes** of food scraps and yard trimmings from the landfill in 2025 to be composted into new resources.

Richmond's Green Cart program is for residents in single-family homes, townhomes, apartments and condominiums.

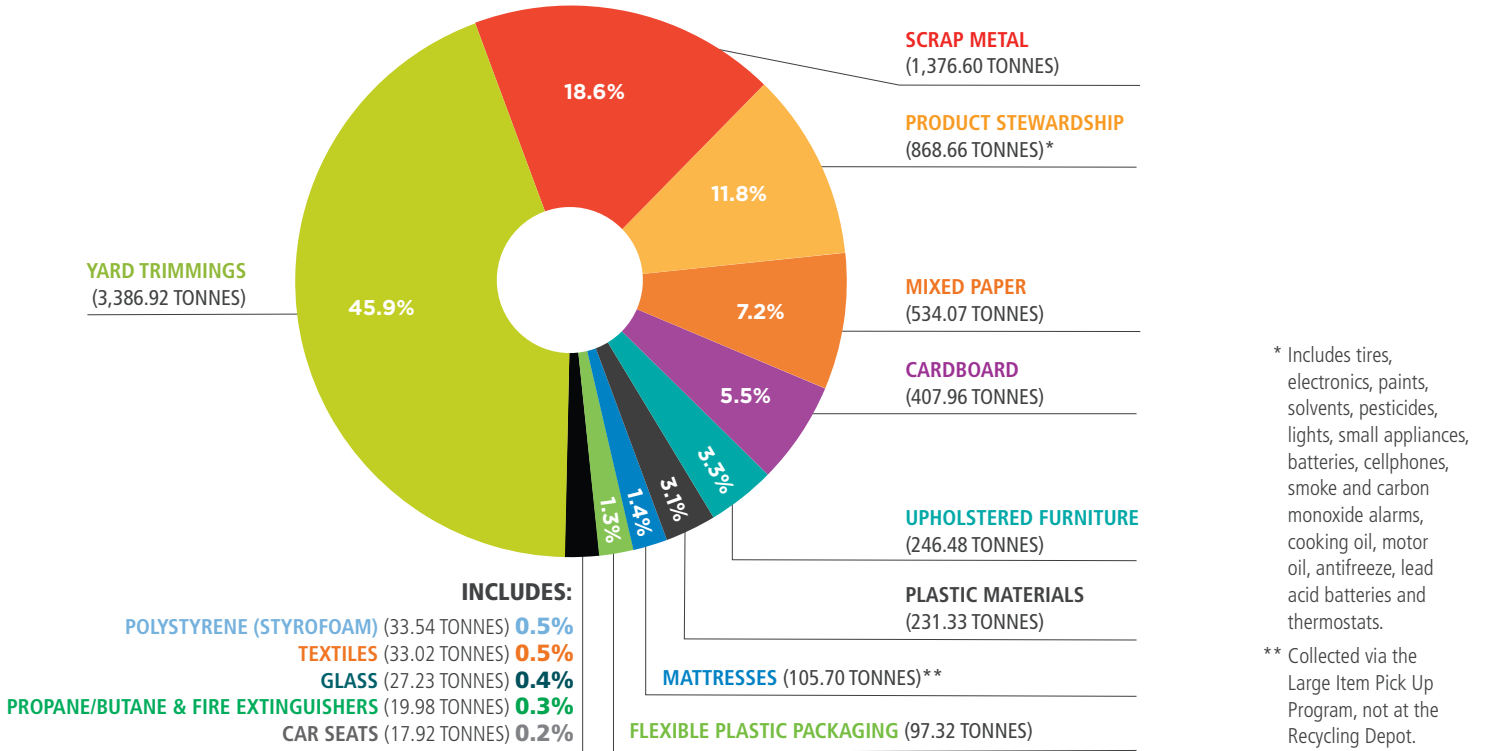

**78,724** residential units received weekly collection in 2025.

In 2025, **6,870.62 tonnes** of yard trimmings were collected at the Richmond Recycling Depot and through the Ecowaste residential and commercial drop-off service.

## MATERIALS COLLECTED AT THE RICHMOND RECYCLING DEPOT

In 2025, **7,386.73 tonnes** of recyclable materials were collected at the Recycling Depot.

## MONTHLY VEHICLE VISITS TO THE RICHMOND RECYCLING DEPOT

In 2025, there were **281,965** vehicle visits to the Richmond Recycling Depot, an average of **801** visits per day.

## RECYCLE MORE AT THE RICHMOND RECYCLING DEPOT

Open seven days a week, the Recycling Depot provides a convenient one-stop recycling service. The City continues to increase the list of accepted items to support waste diversion.

### SINGLE-FAMILY HOMES DIVERSION OVER TIME:

# 2.2 Outreach and Customer Service

Statistics in this section are related to our successful outreach and customer service programs, which are designed to turn education and information into action.

## CUSTOMER SERVICE AND OUTREACH

Richmond's Environmental Programs staff share information, tips and resources by phone as well as through outreach events and on the website.

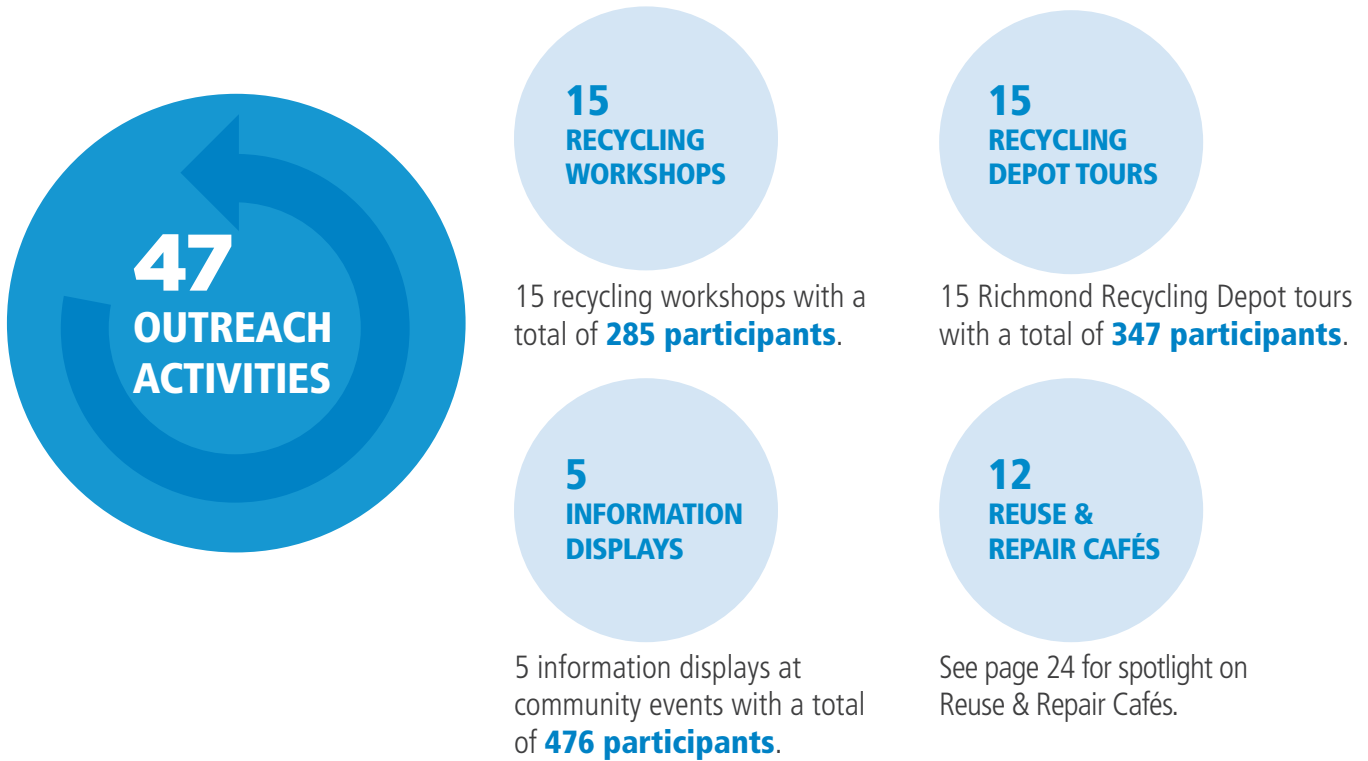

**1,655 attendees** for **47 outreach activities** on various topics.

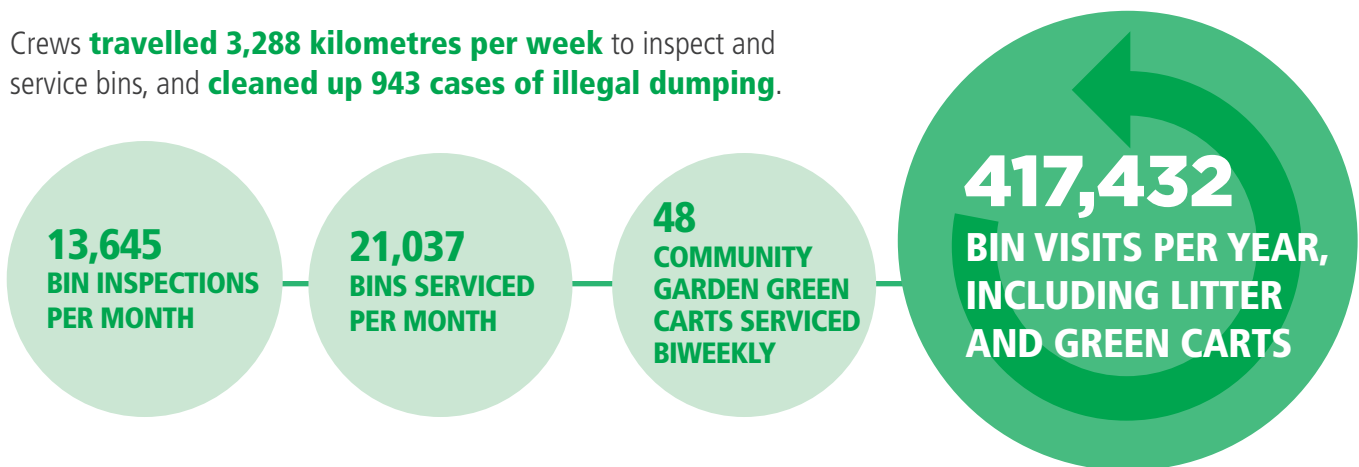

**1,667 participant hours** of youth volunteering and training.

## COMMUNITY OUTREACH

## GARBAGE, LITTER AND COMMUNITY GARDEN COLLECTION

Crews **travelled 3,288 kilometres per week** to inspect and service bins, and **cleaned up 943 cases of illegal dumping**.

## COMPOST BINS, GARBAGE TAGS AND VOUCHERS

Richmond's Green Ambassadors are a common sight at events and festivals, supporting increased recycling and teaching members of the public how to sort waste correctly.

## STUDENT OUTREACH

### GREEN AMBASSADOR (GA) YOUTH PROGRAM

**9 special events** were supported by GAs, for a total of 1,100 hours.

**5 GA team-led meetings and planning sessions** were held, for a total of 110 hours.

## MORE WAYS TO REUSE, REPAIR AND RECYCLE

As part of its goal to reduce waste, Richmond provides opportunities for residents to reuse, repair and recycle common household items.

### REUSE & REPAIR CAFÉS

Whether it's patching up a well-worn jacket, adding a little extra fluff to a much-loved teddy bear, fixing small appliances or finding new homes for unwanted household items, Richmond's Reuse & Repair Cafés help bring life back to used items.

Richmond Repair Fairs connect residents with volunteers who fix items such as textiles, bicycles, small appliances, electronics and lawnmowers for free. In 2025 the fairs were rebranded to Reuse & Repair Cafés, to better align with international repair initiatives and introduce a reuse section.

In addition to having their items repaired, residents can swap, drop-off or take a selection of second-hand items at no cost. Shared items may include clothing, shoes, accessories, books, CDs and DVDs, computers and other small electronics, home décor, toys, games, small appliances and kitchenware.

*Richmond Reuse & Repair Cafés are funded with assistance from Metro Vancouver.*

### ITEMS REPAIRED IN 2025

### ITEMS REUSED IN 2025

## RECYCLING TEXTILES MADE EASY

Over the years, fast fashion, a tendency to buy new clothes to keep up with changing trends, has led to a decrease in the quality of fabrics being used. This can result in clothes falling apart as well as clothing that is still usable being discarded in favour of newer styles. In addition to more textile waste being produced, there are limited options to recycle these materials.

To make it easy for residents to dispose of worn or unwanted clothing and textiles, the City established textile collection bins at the Richmond Recycling Depot. Disposed items are carefully sorted, with gently used items donated to Auxiliary to BC Children’s Hospital to be recirculated.

Residents also have the option of bringing clothing and other textiles needing minor repairs to a Reuse & Repair Café. Here volunteers sew on buttons and mend minor tears so the items can be used again.

In addition to these programs, which play an important role in limiting the amount of clothing and textile waste, the City of Richmond has also:

- Advocated to the province for Extended Producer Responsibility for textiles
- Joined the Canadian Circular Textiles Consortium
- Expanded the Repair Fair program
- Prioritized community education and outreach

## 2025 TEXTILE RECYCLING OUTREACH MATERIALS

In 2025, Richmond launched a campaign to promote awareness of the many ways residents can reuse and repair their clothing and other textiles. The goal was to get people to think twice before throwing away a shirt with a missing button, torn blanket or unwanted but usable clothes to help reduce waste.

**Old to you but still like new?**  
**Think reuse.**

Donate, sell, trade or repurpose gently used clothes and other textiles.

Let's rethink waste

Richmond

**Need a fix or bit of stitch?**  
**Think repair.**

Save money and reduce waste: mend clothes and other textiles.

Let's rethink waste

Richmond

# **PROGRAMS AND SERVICES**

# 3.0

## Programs and Services

Richmond residents in single-family homes divert most of their waste, and recycling is increasing in townhomes and other multi-family complexes.

To support residents and their commitment to recycling, Richmond continues to expand services to help residents reduce their garbage and create incentives to promote increased recycling. Green Cart and Blue Box/Blue Cart recycling remain core services to help residents recycle. Residents can also use the Large Item Pick Up program or bring a growing list of recyclable items to the Richmond Recycling Depot and other drop-off facilities.

Richmond works with residents, industry partners, product stewardship groups and businesses to achieve its goal to support a circular economy by implementing sustainable waste management. Through partnerships and community engagement, Richmond's commitment to continuous improvement results in enhanced services to benefit residents.

The City is contractually required to collect residential recycling on behalf of Recycle BC and, in return, receives incentives to help reduce recycling costs for residents. However, the City must also comply with Recycle BC's standards regarding the quality of recycling. If banned items are found in the garbage or contamination is found in recycling, the City can be charged fines and other penalties. These requirements are based on the City's *Solid Waste and Recycling Regulation Bylaw No. 6803*, contract requirements with Recycle BC and organics processing facilities, and Metro Vancouver disposal bans for items that must be recycled as they are not permitted in the garbage.

# 3.1 Program and Service Overview

Richmond delivers a wide range of recycling and waste management services for residents to ensure that all waste is managed safely and efficiently. The following page summarizes the key recycling and waste management services offered through the City of Richmond.

## RESIDENT COLLECTION AND RECYCLING SERVICES

### BLUE BOX PAGE 30

Weekly curbside collection for paper, newsprint, glass bottles and glass jars, plastic containers, empty aerosol cans, plastic/paper drink cups, spiral wound containers, and tin and aluminium containers. This program is provided to single-family homes and townhomes with curbside pickup.

### GARBAGE CART PAGE 40

Biweekly collection of garbage, not including banned items such as hazardous waste and materials that can be recycled, is available to residents in single-family homes and some townhomes. Garbage Tags and Disposal Vouchers for the Vancouver Landfill provide options for disposal of additional garbage.

### BLUE CART PAGE 30

Weekly centralized collection for paper, newsprint, glass bottles and glass jars, plastic containers, empty aerosol cans, plastic/paper drink cups, spiral wound containers, and tin and aluminium containers. This service is provided to townhomes and multi-family complexes with a common recycling room.

### RICHMOND RECYCLING DEPOT PAGE 42

Accepts products ranging from yard trimmings and household items to hazardous materials and take-back program products. Available to all residents and in limited quantities to commercial operators. Backyard compost bins, rain barrels, and Garbage Tags and Garbage Disposal Vouchers for the Vancouver Landfill, located in Delta, are also for sale.

### GREEN CART PAGE 36

Weekly collection for foods scraps and yard trimmings. This program is provided to residents in single-family homes, townhomes and multi-family complexes.

### LARGE ITEM PICK UP PAGE 46

Residents with the City Blue Box and/or City Garbage Cart program can arrange for collection of large household items.

### BACKYARD COMPOSTING PAGE 39

Support for residential composting includes the sale of backyard compost bins and a composting demonstration garden. These services are available to all residents.

## PUBLIC SPACES AND OUTREACH SERVICES

### PUBLIC SPACES AND EVENT RECYCLING PAGE 48

Recycling bins in the community make it easy to recycle on the go, such as in parks, at community centres, in the Steveston business district and at Canada Line stations and Richmond central bus stops. Richmond supports community events by loaning garbage and recycling bins for local events at no charge.

### LITTER COLLECTION PAGE 49

Litter Attendants are on the road seven days a week to inspect or service garbage and recycling bins Over 8,000 times each week throughout the city. They also collect additional litter along the way to help maintain a clean and livable community for Richmond residents.

### COMMUNITY AND SCHOOL ENGAGEMENT PAGE 50

Through partnerships with students, teachers and the School District, Richmond delivers educational workshops, awareness programs and volunteer opportunities to increase understanding of recycling and the benefits of reducing waste.

## 3.2 Blue Box and Blue Cart Programs

Richmond's Blue Box and Blue Cart recycling programs provide convenient collection of a wide variety of materials, including mixed paper, plastic containers, paper and plastic drink cups, empty aerosol cans and spiral wound cans like frozen juice concentrate containers as well as glass bottles and glass jars.

Richmond's Blue Box program for door-to-door curbside collection includes a Blue Box for containers, yellow Mixed Paper Recycling Bag for paper and small, flattened cardboard items, and a grey Glass Recycling Bin for glass bottles/jars. The Blue Cart program for centralized collection has separately labeled carts for containers, mixed paper and glass.

It is important to ensure materials are sorted correctly into the proper recycling receptacles. For example, recyclables must be placed individually in bins – not stacked, nestled or in plastic bags.

Glass bottles/jars must be placed in the Glass Recycling Bin/Cart – not the Blue Box or Containers Recycling Cart.

Also, some items are not accepted in the Blue Cart/Blue Box program, such as non-packaging plastics like toys and laundry baskets, hazardous items like butane cylinders, propane tanks and batteries, and non-packaging metal items like scissors and pans. These items are accepted at the Richmond Recycling Depot.

## CONTAINER RECYCLING: BLUE BOX/CONTAINERS RECYCLING CART

### ✓ ACCEPTED

#### Metals

- ✓ Aerosol cans (empty) & caps (food items, air fresheners, shaving cream, deodorant, hairspray)
- ✓ Aluminium cans & lids
- ✓ Aluminium foil & foil containers (foil wrap, pie plates, food trays)
- ✓ Metal storage containers (such as for candy)
- ✓ Tin cans & lids

#### Paper

- ✓ Paper food containers & cartons
- ✓ Paper cups & lids, plates & bowls
- ✓ Paper garden pots & trays
- ✓ Spiral wound paper cans & lids (frozen juice, potato chips, cookie dough, coffee, nuts, baby formula)

#### Plastic

- ✓ Plastic bottles & caps (food items, condiments such as ketchup & mustard, dish soap, mouthwash, shampoos, conditioners)
- ✓ Plastic containers, trays & caps (bakery & deli foods)
- ✓ Plastic cups & lids
- ✓ Plastic food storage containers
- ✓ Plastic garden pots & trays
- ✓ Plastic hangers
- ✓ Plastic jars & lids
- ✓ Plastic microwavable bowls, cups & lids
- ✓ Plastic plates & bowls
- ✓ Plastic straws, utensils and stirsticks
- ✓ Plastic tubs & lids (margarine, spreads, dairy products such as yogurt, cottage cheese, sour cream, ice cream)

### ✗ NOT ACCEPTED

- ✗ Aerosol cans with hazardous materials (spray paint)\*
- ✗ Butane cylinders\*
- ✗ Ceramic plant pots
- ✗ Containers for motor oil, vehicle lubricant or wax products\*
- ✗ Compostable/biodegradable plastic bags & containers
- ✗ Foil-lined cardboard lids from take-out containers

- ✗ Garden hoses
- ✗ Plastic bags & overwrap\*
- ✗ Plastic string or rope
- ✗ Polystyrene (Styrofoam) packaging\*
- ✗ Propane tanks\*

\* Take to the Richmond Recycling Depot.

## TIPS TO RECYCLE CORRECTLY

Place materials separately in the bins – don't put recyclables into plastic bags. Bagged items will go in the garbage.

Avoid stacking or nestling items together, instead place them separately in the bins. For example, don't nestle an aluminium can inside a plastic container.

Empty, rinse and flatten containers. Food or other materials in the containers contaminate the recycling. Remove lids and recycle separately.

Separate glass jars and glass bottles and recycle in the grey Glass Recycling Bin or Glass Recycling Cart. Their metal or plastic lids go in the Blue Box/Containers Cart.

## PAPER PRODUCTS: MIXED PAPER RECYCLING BAG/CART

### ✓ ACCEPTED

#### Boxboard and Cardboard

- ✓ Cardboard boxes (flattened)
- ✓ Cereal boxes
- ✓ Corrugated cardboard (small pieces)
- ✓ Moving and storage boxes
- ✓ Paper egg cartons
- ✓ Paper gift boxes
- ✓ Paper takeout containers (including those with a shiny coating)
- ✓ Pizza boxes (clean)

#### Paper

- ✓ Catalogues, magazines & telephone books
- ✓ Envelopes (with or without window)
- ✓ Flyers & junk mail
- ✓ Miscellaneous paper (notepads, loose leaf paper, white or coloured paper, printed paper, copier/printer paper)
- ✓ Newspapers
- ✓ Paper bags (lunch, groceries)
- ✓ Paper gift bags
- ✓ Paper gift wrap & greeting cards
- ✓ Paper party hats and decorations
- ✓ Shredded paper (inside a paper bag to avoid scattering)

### ✗ NOT ACCEPTED

- ✗ Cardboard boxes with wax coating
- ✗ Foil/metallic wrapping paper\*
- ✗ Greeting cards with non-paper items (glitter, plastic attachments, music devices, batteries)

- ✗ Padded envelopes
- ✗ Plastic bags used to cover newspapers/flyers\*
- ✗ Plastic or foil candy wrappers\*
- ✗ Ribbons or bows

\* Take to the Richmond Recycling Depot.

## TIPS TO RECYCLE CORRECTLY

 Remove plastic liners/covers and/or any food residue.

 Put shredded paper in a paper bag before placing in the Mixed Paper Recycling Bag/Cart to avoid scattering.

 Cut cardboard into small pieces and flatten boxes to take up less space in the Mixed Paper Recycling Bag/Cart and collection truck.

 Oversized/excessive amounts of cardboard can be dropped off at the Richmond Recycling Depot.

## GLASS JARS & GLASS BOTTLES: GLASS RECYCLING BIN/CART

### ✓ ACCEPTED

- ✓ Clear or coloured glass bottles and glass jars (pickle jars, jam jars, spaghetti sauce jars, soy sauce bottles)

### ✗ NOT ACCEPTED

- ✗ Broken glass (wrap and put in garbage)
- ✗ Ceramic products
- ✗ Drinking glasses, glass dishes and cookware
- ✗ Lids and caps (remove from the glass bottle/jar and place in Blue Box/Containers Recycling Cart)
- ✗ Mirrors and window glass

## TIPS TO RECYCLE CORRECTLY

Remove plastic and metal lids and recycle separately in the Blue Box/ Containers Recycling Cart.

Empty and rinse jars and bottles. Make sure no food is left inside because it contaminates the recycling.

### Set Out Time

Before 7:30am every week on collection day.

Note: For centralized Blue Cart service, the collection details are arranged between the City and the Strata Council or Property Manager. Residents do not have to set the Blue Carts out for collection.

### Report a Missed Collection

Call 604-276-4010 or email [garbageandrecycling@richmond.ca](mailto:garbageandrecycling@richmond.ca).

### How to Get More Free Recycling Supplies

Supplies include:

- Blue Boxes
- Glass Recycling Bins
- Indoor Collection Bags
- Mixed Paper Recycling Bags

#### Richmond Recycling Depot

5555 Lynas Lane  
Open 7 days a week  
(Closed on statutory holidays)  
9:00am to 6:15pm

Four ways to order supplies:

1. Pick up at Richmond Recycling Depot
2. Call 604-276-4010
3. Order at [richmond.ca/recyclesearch](http://richmond.ca/recyclesearch)
4. Order in the Richmond Recycling app, free at Apple and Android app stores.

# Recycle correctly for safety and the environment!

Sorting your waste correctly is important. It allows recycling to be processed into new products, avoids fines and helps to ensure hazardous items are handled safely.

## ! GLASS

Only glass bottles/jars go into the Glass Recycling Bin/Cart.

### What to do with other glass items:

- **Light bulbs and light fixtures:** Take to the Richmond Recycling Depot.
- **Dishes, drinking glasses, storage containers, cookware and ceramics:** Donate/sell if usable.
- **Broken glass and ceramics:** Bag and place in Garbage Cart.

## ! HAZARDOUS ITEMS

Hazardous items can hurt people and animals or harm the environment.

Batteries can leak acid.

Butane cylinders can explode.

Propane tanks can cause fires.

### Follow these guidelines:

- Do not put hazardous items like batteries, butane cylinders or propane tanks in garbage or recycling collection bins.
- Take hazardous items to the Richmond Recycling Depot for safe handling.
- Visit [richmond.ca/recycle](http://richmond.ca/recycle) for a list of items banned and prohibited from garbage and recycling bins.

Learn more about how to recycle correctly at [richmond.ca/recycle](http://richmond.ca/recycle).

# Get the Richmond Recycling app

Free on Apple and Android app stores

## Helpful resources at your fingertips

- **SEARCH** how and where to correctly recycle and dispose of items
- **FIND** drop-off locations for recyclables
- **SCHEDULE** collection day reminders
- **ORDER** recycling supplies, play games and more

[richmond.ca/RecycleSearch](https://richmond.ca/RecycleSearch)

# 3.3 Green Cart Program

Food scraps are banned from the garbage, which means they must be recycled or composted, and the City can be charged fines and other penalties when organics are found in the garbage. With the Green Cart program, all Richmond residents have access to food scraps recycling and when recycling with a Green Cart, residents are helping turn food scraps and yard trimmings into compost for nutrient-rich soil.

Richmond also encourages organics recycling by providing Green Cart service at no charge at the City-sponsored community gardens.

It is important to ensure that only food scraps, food soiled paper, and yard and garden trimmings go in the Green Cart. When items like plastic bags, polystyrene (Styrofoam) or biodegradable/compostable plastic bags are found in the Green Cart, the load is considered contaminated.

These materials are not accepted at processing facilities because they compromise the quality of the compost.

Residents can also create their own compost at home to keep these organic materials out of landfills. Residents can purchase a backyard compost bin at the Richmond Recycling Depot.

## GREEN CART FOR FOOD SCRAPS & YARD TRIMMINGS

### ✓ ACCEPTED

#### Food Scraps & Food Soiled Paper

- ✓ Breads, pasta, rice & noodles
- ✓ Coffee grounds & filters
- ✓ Dairy products
- ✓ Fruit
- ✓ Eggshells
- ✓ Meat, poultry, fish, shellfish & bones
- ✓ Paper tea bags
- ✓ Paper towels, napkins & plates
- ✓ Pizza delivery boxes
- ✓ Small amounts of grease/oil absorbed into paper towel
- ✓ Solid grease
- ✓ Table scraps & food scrapings
- ✓ Vegetables

#### Yard Trimmings

- ✓ Flowers
- ✓ Leaves
- ✓ Grass clippings
- ✓ Other organic yard materials
- ✓ Plants (living or dead/dried)
- ✓ Plant trimmings
- ✓ Tree & hedge prunings (branches must be no more than 10 cm (4 in) in diameter and cut short enough to fit in the Green Cart with the lid closed)

### ✗ NOT ACCEPTED

- ✗ Coffee cups
- ✗ Compostable & biodegradable plastic bags
- ✗ Garden hoses or flower pots
- ✗ Liquid grease
- ✗ Lumber
- ✗ Pet feces or kitty litter
- ✗ Plastic bags & plastic overwrap
- ✗ Plastic mesh tea bags
- ✗ Plastic wraps
- ✗ Polystyrene (Styrofoam) cups, meat trays or takeout containers
- ✗ Prunings over 10 cm (4 in) in diameter
- ✗ Rocks, dirt, sod or soil

#### Why can't I put plastic bags in my green cart?

Plastic bags (including compostable or biodegradable bags) do not break down during the composting process and leave behind flecks of plastic that contaminate the compost.

## TIPS TO RECYCLE CORRECTLY

Collect food scraps in your kitchen container. Wrap food scraps in small amounts of newspaper or used paper towel before adding to kitchen container.

Sprinkle kitchen container with baking soda to reduce odours and consider freezing food scraps until you're ready to empty them into the Green Cart.

Keep kitchen container clean by lining it with a few sheets of newspaper, a paper bag liner or used paper towel.

Empty materials from your kitchen container into your Green Cart.

Place yard trimmings into Green Cart along with your food scraps. Extra yard trimmings can go in large paper bags or additional labelled Green Cans.

## MULTIPLE GREEN CART SIZES AVAILABLE

Richmond provides Green Carts in multiple sizes to meet residents' recycling needs. Residents can exchange their Green Cart for a different size by contacting the Environmental Programs Information Line at 604-276-4010 or email [garbageandrecycling@richmond.ca](mailto:garbageandrecycling@richmond.ca). There is a \$25 fee for cart exchanges.

## BACKYARD COMPOSTING PROGRAMS

**Backyard Compost Bins:** Backyard compost bins are available for sale at the Richmond Recycling Depot for \$25 plus tax.

**Demonstration Garden:** To help residents learn about composting, the City hosts a Compost Demonstration area in the Terra Nova Rural Park at 2631 Westminster Highway just west of No. 1 Road. It is open from dawn to dusk year-round.

**Compost Hotline:** For tips, call 604-736-2250 or email [composthotline@telus.net](mailto:composthotline@telus.net).

## YARD TRIMMINGS DROP-OFF

Richmond residents and commercial landscapers can drop off yard trimmings at the following locations.

### Ecowaste Industries

15500 Blundell Road

(access from Blundell via No. 8 Road and Westminster Hwy., or via Nelson Road and Highway 91)

Residents may drop off an unlimited amount of yard trimmings free of charge (proof of residency may be required). Commercial operators can be pre-approved for dropping off materials at no charge when they are servicing residential properties with Richmond Green Cart service. Visit [ecowaste.com](http://ecowaste.com) or call 604-277-1410 for information.

### City Recycling Depot

5555 Lynas Lane

Open 7 days a week

(Closed on statutory holidays)

9:00am to 6:15pm

There is no charge for dropping off up to 0.75 cubic metres (1 cubic yard); a fee is charged for each additional cubic yard. Commercial operators are charged a fee for all trimmings at the Richmond Recycling Depot.

### Set Out Time

Before 7:30am every week on collection day.

Note: For centralized Green Cart service, the collection details are arranged between the City and the Strata Council or Property Manager. Residents do not have to set the carts out for pick-up.

### Report a Missed Collection or Damaged Green Cart

Call 604-276-4010 or email [garbageandrecycling@richmond.ca](mailto:garbageandrecycling@richmond.ca).

### How to Exchange your Green Cart

Various cart sizes are on display at the Richmond Recycling Depot. Please note there is a \$25 charge to exchange your cart. To change to an alternative size, please call 604-276-4010.

### New/Replacement Kitchen Containers

Four ways to order supplies:

1. Pick up at Richmond Recycling Depot.
2. Call 604-276-4010.
3. Order at [richmond.ca/recyclesearch](http://richmond.ca/recyclesearch).
4. Order in the Richmond Recycling app, free at Apple and Android app stores.

# 3.4 Garbage Cart Program

Richmond’s curbside Garbage Cart program provides residents with convenient options for waste disposal. Household garbage is collected biweekly. The Garbage Cart program includes City-provided carts with wheels and lids, and is designed to lower costs for residents who are reducing the amount of garbage they produce by recycling their household waste.

Most household items are recyclable. Residents are encouraged to think twice before putting items in the garbage to help keep recyclables out of the landfill.

It’s important to secure or wrap loose garbage to prevent materials from being scattered by wind or animals. Garbage must be securely packed in plastic bags. This includes ashes, kitty litter, disposable diapers, vacuum cleaner sweepings, disposable masks and gloves, and other loose household garbage.

All garbage must be placed at curbside before 7:30am on collection day but no earlier than 8:00pm the day before. Do not place receptacles or other items on the road.

Residents are responsible for cleaning up any loose materials that have been scattered over the ground by animals, wind or vandalism.

Food scraps are not permitted in the garbage. Please use your Green Cart to recycle food scraps and yard trimmings.

Recyclable items are not allowed in the garbage. Please use the Blue Box / Blue Cart program to recycle these items.

## EXTRA ITEM DISPOSAL OPTIONS

### Garbage Disposal Vouchers

Richmond residents may purchase a Garbage Disposal Voucher for \$5 at all City facilities. These vouchers are good for up to \$25 at the Vancouver Landfill, located in Delta, and are valid anytime. They are limited to one per household per year.

### \$2 Garbage Tags

Garbage Tags for curbside collection are available for purchase at all City facilities. One Garbage Tag is good for an additional garbage bag or can.

Visit [richmond.ca/garbage](http://richmond.ca/garbage) for a list of City facilities selling Garbage Tags and Garbage Disposal Vouchers.

## GARBAGE CART SIZE OPTIONS

### REDUCE CART SIZE TO SAVE MONEY

Residents can save money on annual utility fees by reducing the size of their garbage cart – the smaller the cart, the lower the fees. Please note that a \$25 cart exchange fee applies.

To exchange your garbage cart, call Environmental Programs at 604-276-4010 or email [garbageandrecycling@richmond.ca](mailto:garbageandrecycling@richmond.ca).

# 3.5 Richmond Recycling Depot

The Richmond Recycling Depot is located at 5555 Lynas Lane and is open from 9:00am to 6:15pm, seven days a week for drop-off of a broad range of materials.

The Recycling Depot is owned and operated by the City of Richmond, with both full-time staff and additional staff support as needed to manage increased recycling volumes. Staff on site are available to answer questions and provide assistance with unloading awkward or heavy items.

The City continues to increase the number of items accepted at the Recycling Depot to make it a convenient, one-stop drop-off location for multiple items. Richmond residents can bring a wide range of recyclable materials at no charge.

## Richmond Recycling Depot

5555 Lynas Lane  
 Open 7 days a week  
 9:00am to 6:15pm  
 (except statutory holidays)

## RECYCLING DEPOT SERVICES

Residents are encouraged to use their weekly collection bins to recycle household items like glass bottles and glass jars, mixed containers and mixed paper. Businesses are encouraged to set up contracts for on-site collection services if they produce a large quantity of recyclable materials. However, residents and small business operators can also drop off recyclable materials at the Recycling Depot.

This facility accepts a wide range of materials, including cardboard, yard and garden trimmings and mixed paper as well as polystyrene (Styrofoam), used books, cellphones, household batteries, plastic bags and metal items (e.g., hot water tanks, barbecues and lawn mowers).

The facility is also a product stewardship (take-back) collection site for large and small appliances, paints, solvents, flammable liquids, pesticides, lights and lighting fixtures, tires, electronics, motor oil, batteries, thermostats, fire extinguishers, and smoke and carbon monoxide alarms.

The City receives revenues from the sale of materials collected from the Recycling Depot or from product stewards for materials the City collects on their behalf. All revenues from commodities and other materials are applied to the operating cost of the program to return the value directly to Richmond taxpayers.

### For Sale at the Recycling Depot

- Compost bins - \$25 each + tax
- Rain barrels - \$30 each + tax
- Extra Garbage Tags - \$2 each
- Garbage Disposal Vouchers - \$5 for Richmond residents and value is up to \$25 at the Vancouver Landfill, located in Delta

### Free Recycling Supplies Available at the Recycling Depot

- Food Scraps Kitchen Containers
- Grey Glass Recycling Bins
- Blue Boxes
- Yellow Mixed Paper Recycling Bags
- Indoor Collection Bags
- Green Can Decals

# Welcome to the Richmond Recycling Depot!

You'll be amazed by how much you can take – for free – to the Richmond Recycling Depot.

Use the map below to see where to take your items once you arrive at the Recycling Depot. The icons are colour-coded to match the signs at the Depot and help you quickly find your way.

There are always attendants available to help you and to safely handle hazardous recyclable items.

For a virtual tour, visit  
[richmond.ca/depot](http://richmond.ca/depot)

**Welcome!**

## MATERIALS ACCEPTED

- ✓ Aerosol & spiral wound cans
- ✓ Aluminium materials
- ✓ Appliances
- ✓ Baby car seats/booster seats\*
- ✓ Batteries (lead acid car batteries)
- ✓ Batteries (small household batteries less than 5 kg)
- ✓ Books
- ✓ Butane cylinders
- ✓ Cellphones (including batteries)
- ✓ Clothing and other textiles
- ✓ Cooking oil & animal fat
- ✓ Corrugated cardboard (flattened, clean corrugated boxes)
- ✓ Electronics
- ✓ Exercise & hobby machines
- ✓ Fire extinguishers
- ✓ Flammable aerosols
- ✓ Flammable liquids
- ✓ Flexible plastic (plastic bags, overwrap, crinkly wrappers, stand up & zipper lock pouches, reusable plastic shopping bags, etc.)
- ✓ Flower pots (paper & plastic pots/trays)
- ✓ Gasoline (in approved ULC containers)
- ✓ Glass bottles/jars (clear & coloured)
- ✓ Lights
- ✓ Lighting fixtures
- ✓ Metal items
- ✓ Mixed paper, magazines & newspaper
- ✓ Motor oil & antifreeze
- ✓ Paints (household paints)
- ✓ Paint aerosols
- ✓ Pesticides (domestic pesticides)
- ✓ Plastic containers
- ✓ Polystyrene (Styrofoam) packaging
- ✓ Power tools
- ✓ Propane tanks
- ✓ Sewing, knitting & textile machines
- ✓ Smoke & carbon monoxide alarms
- ✓ Thermostats
- ✓ Tin & aluminium cans
- ✓ Tires (passenger & light-duty trucks only)
- ✓ Upholstered furniture\*
- ✓ Yard & garden trimmings

All materials must be sorted into different containers at the Recycling Depot. See [richmond.ca/depot](http://richmond.ca/depot) for details.

\* Proof of residency required.

## 3.6 Large Item Pick Up Program

Richmond's Large Item Pick Up program provides a convenient curbside collection service for up to six large household items per year, including mattresses, furniture and appliances. This program is designed to make it more convenient for residents to dispose of large household items and to help reduce illegal dumping. As well, through this program, large household items that can be recycled will be diverted from the landfill.

The Large Item Pick Up program is provided to residents in single-family homes as well as townhomes and multi-family complexes with the City's Garbage Cart and/or Blue Box program.

This service makes it easier for residents who do not have access to a vehicle to properly dispose of large items.

## HOW THE PROGRAM WORKS

- 1** To schedule collection of up to six items per year, residents can contact the City's service provider, Sierra Waste Services, at 604-270-4722 or schedule online at [richmond.ca/largeitem](http://richmond.ca/largeitem).
- 2** Sierra Waste Services will contact you to provide a pick-up date and confirmation number.
- 3** On your scheduled pick-up date only, place items at the curb, or for multi-family complexes, in the area designated by the strata or property manager, before 7:30am or no earlier than 8:00pm the night before.

### LARGE ITEM PICK UP PROGRAM

#### ✓ ACCEPTED

- ✓ Appliances (stove, dishwasher, washer and/or dryer, hot water tank, refrigerator, freezer, microwave)
- ✓ Barbecues (remove lava rock briquettes and/or propane tank)
- ✓ Bed frames
- ✓ Electric lawnmowers
- ✓ Exercise equipment (treadmill, elliptical, stationary bike, stair climber, weight set)
- ✓ Furniture (e.g., couch, coffee table, chair, desk, dresser, TV stand, cabinet, table, hutch, crib, high chair, entertainment centre)
- ✓ Headboards
- ✓ Mattresses or boxsprings
- ✓ Outdoor furniture (chair, patio table, patio umbrella)
- ✓ Small household goods, provided they are boxed or bundled and are a reasonable size (one box or bundle is equal to one of the resident's six allotted items)
- ✓ Tires (car and light-duty truck)

#### ! PREPARATION REQUIREMENTS

- ! Wrap mattresses in plastic and seal with tape to prevent them from getting wet. Cover boxsprings and upholstered furniture with tarps or plastic to keep them dry. Tarps will be left behind for reuse.
- ! Confirm mattresses, boxsprings and upholstered furniture are free of bedbugs to ensure they are accepted for recycling at the facility.
- ! Remove latch/door from freezers, refrigerators or any other container equipped with a door, latch or locking device.

#### ✗ NOT ACCEPTED

- ✗ Car bodies or parts
- ✗ Carpets
- ✗ Construction and demolition waste (drywall)
- ✗ Gas lawnmowers\*
- ✗ Hazardous waste
- ✗ Home renovation items (sinks, flooring, doors, windows)
- ✗ Lumber
- ✗ Mattresses/boxsprings and upholstered furniture that are wet or infested with bed bugs or vermin
- ✗ Propane tanks\*
- ✗ Tree stumps

\*Take to Richmond Recycling Depot

Not sure where to recycle an item? Use the Recycling Wizard tool on the free Richmond Recycling app to find out where to recycle your item.

## 3.7 Public Spaces Programs

Maintaining a litter-free community and encouraging recycling in parks and other public spaces is an essential part of responsible and sustainable waste management. Not only does this help keep the City a beautiful place to live and visit, it also helps to reduce the amount of plastic and other garbage going into oceans and other waterways.

The City has three primary services to support recycling and a litter-free community: Public Spaces services, Litter Collection services and Special Event Recycling.

Because building community pride and increasing responsible behaviours involve working together with the community, the City also works with volunteers through the Partners for Beautification program and community clean-up events.

## PUBLIC SPACES SERVICES

The City of Richmond has recycling and garbage bins located throughout the community in public spaces that include parks and business districts. Recycling and garbage bins are serviced or inspected over 8,000 times each week.

The City's bins include instructional bin labels to help inform people about how to sort items correctly. Many of the recycling bins feature images that complement the surrounding scenery, and others feature custom artwork by local artists. To further improve capacity and operational efficiency, the City also has large, in-ground garbage collection bins in high-traffic areas.

## LITTER COLLECTION SERVICES

Maintaining a litter-free city is a key focus area to ensure residents can enjoy clean parks and public spaces. The City of Richmond has made efforts to ensure that there are garbage bins, and in many cases recycling options, in public spaces throughout the city.

In addition, City crews work seven days a week to collect litter from parks, school grounds, roadsides, sidewalks and boulevards.

They inspect or service garbage and recycling from litter and recycling receptacles in the community 34,682 times every month. Crews also assist with removing graffiti from City garbage bins, and they collect illegally dumped materials found on City property and provide safe disposal and recycling of these items.

The extensive work to maintain public spaces and collect litter may go unnoticed but City staff work hard to maintain a clean and livable community for Richmond residents.

## SPECIAL EVENT RECYCLING

Recycling stations are recommended for special event bookings taking place in Richmond. For some major events, the City hosts recycling stations with assistance from Green Ambassador volunteers. This involves setting up recycling stations and having recycling volunteers at the event to advise people on how to recycle.

The City also supports events by providing organizers with recycling bins and garbage carts at no charge, as well as complimentary collection services. This makes it easy for event organizers to keep the venue clean and recyclables out of the landfill.

In addition, the City participates in community clean-up events each year.

## 3.8 Outreach and Customer Service

Richmond's successful outreach and customer service programs are designed to help turn information and education into action.

By working with children and youth through school programs and the Green Ambassadors, Richmond creates a learning environment where students gain a better understanding about recycling and sustainable waste management, and then apply their skills as volunteers and through school activities.

Providing outreach, customer support services and information materials also assists residents by increasing their understanding of how to recycle correctly along with new tools and services to promote recycling at home and on the go.

The Environmental Programs Information Line staff assist customers on the phone, via email and at community events to answer questions, assist with requests relating to garbage and recycling, and provide guidance on where to find information and resources.

Richmond staff also assist customers directly at the Recycling Depot, and through its outreach programs in the community.

At the Recycling Depot, staff provide assistance about where and how to recycle using its drop-off options, answer questions about City programs and services, and sell products such as compost bins and rain barrels as well as Garbage Tags and Garbage Disposal Vouchers.

Through outreach, Richmond goes into the community to connect with residents to share information and respond to questions.

**Environmental Programs staff conducted five information displays at community events in 2025, with a total of 476 participants.**

## COMMUNITY WORKSHOPS

Richmond’s free community workshops provide education and tips that support recycling and waste reduction techniques. A summary of workshops is provided below.

For information on the workshops, call the Environmental Programs Information Line at 604-276-4010, email [garbageandrecycling@richmond.ca](mailto:garbageandrecycling@richmond.ca), or visit the Community Outreach section at [richmond.ca/recycle](http://richmond.ca/recycle).

## RICHMOND GREEN AMBASSADORS

Richmond’s Green Ambassadors are dedicated high school students who participate in monthly symposiums to learn about environmental sustainability and apply what they have learned as volunteers at City events and activities. These energetic and environmentally conscious individuals also manage green initiatives in their schools.

## STUDENT OUTREACH

Richmond sponsors programs and other activities for local students to raise awareness about the importance of reducing waste and how to recycle correctly. These activities inspire them to feel that taking care of the planet is fun.

To encourage youth involvement beyond the Green Ambassador program, the City will explore collaborating with agencies to create work opportunities that support young people in advancing in green career paths and supporting sustainable City initiatives.

## SEARCH & TIPS TOOLS

Richmond offers the Recycling Wizard to help residents find where they can recycle household items. The Recycling Wizard is available online at [richmond.ca/recyclesearch](http://richmond.ca/recyclesearch) and in the Richmond Recycling app, free from the Apple and Android app stores.

TYPE OF WORKSHOP	DESCRIPTION
<p><b>Recycling Workshops</b></p>	<p>Learn how to reduce reliance on single-use items and sort household recyclables properly to reduce contamination. Understand the recycling process and the importance recycling has for the environment, including circular economy and other hot topics in solid waste management.</p>
<p><b>Richmond Recycling Depot Tours</b></p>	<p>Interactive tour of the Richmond Recycling Depot designed to teach residents about the drop-off options available and materials accepted for recycling.</p>

# TIPS AND RESOURCES

# 4.0

## Tips and Resources

The City is working together with residents and local organizations to reduce waste and promote a circular economy. These Tips and Resources highlight the City's community partners, and provide a guide for how to deal with hazardous waste and other items not accepted in curbside and centralized recycling programs.

With the help of community resources and partnerships, Richmond residents have access to easy and convenient drop-off services and programs to support recycling, safe disposal and waste reduction. This section includes contact information and locations for Richmond services and community partners involved in take-back collection through product stewardship programs.

Together, these Tips and Resources help to support maximum recycling and reduce the amount of waste going to the landfill.

# 4.1 Community Resources and Partnerships

## ECOWASTE INDUSTRIES

The City offers residents the option to drop off unlimited quantities of yard and garden trimmings for free at Ecowaste Industries. Proof of Richmond residency is required.

### Ecowaste Industries:

15500 Blundell Road  
 (Access from Blundell via No. 8 Road and Westminster Hwy., or via Nelson Road and Highway 91)  
 604-277-1410  
 ecowaste.com

## RECYCLING COUNCIL OF BRITISH COLUMBIA (RCBC)

RCBC provides information and resources to support recycling in the community.

### Recycling Hotline

Monday to Friday, 9:00am to 4:00pm  
 604-RECYCLE (604-732-9253)  
 hotline@rcbc.bc.ca  
 rcbc.ca

## COMPOST HOTLINE

The Compost Hotline is a community program operated by City Farmer that provides support and tips for best practices in home composting.

### Compost Hotline:

604-736-2250  
 composthotline@telus.net

## METRO VANCOUVER RECYCLES

Metro Vancouver Recycles helps you find options for recycling products and get helpful links to online services.

### Metro Vancouver Recycling Directory:

metrovancoverrecycles.org or recycling.metrovancouver.org

## CITY OF RICHMOND FOOD RECOVERY NETWORK

Partnering with FoodMesh, this program safely and easily diverts surplus food by bringing together local food businesses with charities and farmers.

**Richmond Food Recovery Network:**  
[foodmesh.ca/services-regional/richmond](http://foodmesh.ca/services-regional/richmond)

## 4.2 Banned and Hazardous Materials

Careless handling of hazardous products can cause serious injury as well as damage to the environment. Hazardous products that are dumped in sewers or green spaces can injure livestock, wildlife and plant life. Careful and often specialized disposal is essential for these materials.

There are certain materials that Metro Vancouver disposal facilities do not accept, either because there are already recycling programs set up for these items or because they are hazardous to waste collection workers, the public and the environment.

At disposal sites, garbage loads are inspected for banned and prohibited materials. Loads that arrive at the disposal sites containing prohibited materials are assessed an \$80 minimum surcharge, plus the cost of removal, clean-up or remediation.

Loads containing banned materials are assessed a 50% tipping fee surcharge.

For a list of drop-off locations, use the City's Recycling Wizard available on the Richmond Recycling app and at [richmond.ca/recyclesearch](http://richmond.ca/recyclesearch), or call the RCBC Recycling Hotline at 604-732-9253.

The Recycling and Disposal Directory starting on page 58 also provides options for some banned and hazardous materials.

### BANNED HAZARDOUS AND OPERATIONAL IMPACT MATERIALS

- x Agricultural waste
- x Asbestos
- x Automobile bodies and parts
- x Barrels, drums, pails or large (205 litres or greater) liquid containers, full or empty
- x Biomedical waste
- x Dead animals
- x Gypsum
- x Hazardous waste
- x Inert fill material, including soil, sod, gravel, concrete and asphalt exceeding 0.5 cubic metres per load
- x Liquids or sludge
- x Refuse that is on fire, smouldering, flammable or explosive
- x Wire and cable exceeding 1% of load

### BANNED MATERIALS THAT ARE RECYCLABLE WITH CITY SERVICES

- x Beverage containers
- x Containers made of glass, metal or banned recycled plastic ♻️ ♻️ ♻️ ♻️
- x Corrugated cardboard
- x Electronics
- x Expanded polystyrene packaging
- x Food waste
- x Green waste
- x Mattresses
- x Motor oil & antifreeze
- x Propane tanks
- x Recyclable paper
- x Tires (passenger & light-duty truck only)

For a complete list of banned materials, please visit [metrovancover.org/services/solid-waste/disposal-ban-program](https://metrovancover.org/services/solid-waste/disposal-ban-program).

## Recycling and Disposal Directory

Many common hazardous household and automotive products must be recycled or disposed through special depots. Disposal sites and take-back collection options for hazardous, banned and other materials are listed on the following pages.

Please note that this information is provided as a reference for your convenience; however, it is not guaranteed. Please call first to confirm that the site is still open to accept these take-back products and to check hours of operation.

A current list of items accepted at the Richmond Recycling Depot can be found at [richmond.ca/depot](http://richmond.ca/depot).

### LEGEND

Watch for the **blue** and **teal** listings for items recyclable through the City of Richmond. See Programs and Services starting on page 28 to find out what is accepted through the City's collection and drop-off services.

 **Disposal Ban** – Banned from the landfill and recyclable through retailers, stewardship or take-back programs.

 **Disposal Ban** – Banned from the landfill and recyclable through the City of Richmond and other services.

 **Not Banned** – Recyclable through the City of Richmond and other services.

 **A fee is charged**

Our thanks go to Richmond residents who have helped us divert the majority of our household waste from the landfill through consistent recycling as well as their continued efforts to reduce waste.

Together, we are making continuous improvements that support a circular economy and more sustainable waste management.
