Propane Tank Size:		Total BTU (Kw):		Total Fee: \$	

* Except for Single-Family Dwellings, if the total BTU (Kw) is more than 409,000 BTU (120 Kw) on a single meter, or over 2 p.s.i.g. at meter outlet, all Gas Permits must be applied for at Technical Safety BC (Tel.: 1-866-566-7233).

The granting of this permit does not relieve the Applicant, Occupier or Owner from conforming to all requirements of the Safety Standards Act and its regulations as well as every pertinent statute, bylaw and regulation applicable within the City of Richmond governing the installation, alteration or removal of any appliance, vent, or house piping or any portion thereof. All gas fitting work must be done by a Gas Fitter holding both a current Richmond Business Licence and a Provincial Contractor's Licence issued under the Safety Standards Act, except for an owner under a signed declaration.

I do hereby certify that I have completed the gas system under the above permit, and;

1. the pressure at the gas meter is _____, and;
2. all components of the gas system have been installed in compliance with the B.C. Safety Standards Act, General Safety Regulations, Gas Safety Regulations, applicable Gas Code and the manufacturer's installation and operating instructions, (which have been left on site), and;
3. I have left the gas system, including all appliances, in a safe and efficient operating condition and all gas appliances are venting properly, having verified this with all windows and doors shut, all appliances operating, and all exhaust fans on high speed.
