**3. Execution of the Services**

3.1 Without limiting subsection 2.1:

- a) the Contractor will supply and deliver the Goods in accordance with the Contract Documents;

The Contractor will be responsible for all costs of the removal and disposition of any rejected Goods.   - v) the parties agree and acknowledge that if any New Pandemic Restrictions arise prior to the termination of this Agreement that cause or threaten interruptions to the Services, then in addition to complying with the terms and conditions of this Agreement, the Contractor will also give the City a written plan of the interim steps the Contractor will take, if any, during the interruption of Services, and, when the New Pandemic Restrictions permit, provide the City with a written plan for the resumption of the Services;
- n) In the event of any delay resulting from a New Pandemic Restriction, the Contractor shall take all reasonable measures to minimize the effects and costs of the delay and this obligation shall be taken into account in the determination of the Contractor's entitlement to an extension of the established timelines to complete the Services; and
- o) For the avoidance of doubt, the Contractor will not be penalized for any delays directly resulting from a New Pandemic Restriction and the City will not be liable for any costs resulting from New Pandemic Restriction.

3.2 The Contractor will perform the Services in accordance with:

- a) the Contract Documents;
- b) Laws and Permits; and
- c) Good Industry Practice.

If more than one standard, including building codes, other governmental requirements, work practices and procedures, and specifications, applies to the performance of the Services, then the strictest of such will apply.

3.3 Without limiting the generality of subsection 3.2, the Contractor will at all times act professionally and with integrity so as not to embarrass or discredit the City throughout, or in connection with, the performance of the Services.

3.4 Subject to subsection 3.6, the City may engage other contractors or use its own forces to perform work and services at the Delivery Point or the Site during the performance of the Services. The Contractor will coordinate the performance of the Services with the work of such other contractors or the City's own forces. If such coordination directly causes the Contractor to incur costs or delays that could not have been reasonably anticipated by

the Contractor, then such costs or delays will be a change to which Section 6 will apply.

3.5 The Contractor will review the Contract Documents and promptly report to the City any discovered error, inconsistency or omission. If the Contractor discovers any error, inconsistency or omission in the Contract Documents, then the Contractor will not proceed with the supply of Goods or the Services affected by such error, inconsistency or omission without first receiving directions or clarifications from the City. If the Contractor proceeds with such affected supply of Goods or Services after becoming aware of an error, inconsistency or omission, or, in any event, after the time when a qualified and experienced contractor should reasonably have become aware of the error, inconsistency or omission, without first receiving directions or clarifications from the City, then the Contractor will, at the Contractor's sole cost and expense, replace or make good any supply of Goods or Services which fails to meet the requirements of the Contract Documents. Subject to the above provisions of this subsection 3.5, in conducting such review, the Contractor will not be responsible or liable to the City to discover all errors, inconsistencies or omissions.

3.6 The following will apply with respect to all Subcontractors:

- a) unless the Contract Documents identify a specific Subcontractor, the Contractor will not directly or indirectly engage or permit the engagement of a Subcontractor to perform a material portion of the Services without the prior written consent of the City, which consent may be arbitrarily withheld;
- b) if and to the extent the Contract Documents identify a specific Subcontractor, then the Contractor will not change any such specified Subcontractor without the prior written consent of the City, which consent may be arbitrarily withheld;
- c) the Contractor will make commercially reasonable efforts to incorporate the terms and conditions of the Contract Documents, including section 3.1(k) of these General Terms and Conditions for Supply and Delivery of Goods and Services, into agreements with Subcontractors, to the extent such terms and conditions are applicable to the Services being undertaken by such Subcontractors;
- d) the Contractor will be fully responsible for the acts, omissions, errors and defaults of a Subcontractor, its employees or other persons engaged by or through that Subcontractor as if such acts, omissions, errors and defaults were those of the Contractor, and neither the engagement of a Subcontractor by the Contractor nor the approval or consent by the City of or to a Subcontractor will in any way reduce or amend or otherwise alter the Contractor's responsibility for the performance of the Services as set out in the Contract Documents; and

- e) nothing in the Agreement will be construed as creating any contractual relationship between the City and any Subcontractor or any other persons engaged by or through a Subcontractor.

3.7 The City and its delegates will have access to the Goods and the Services at all times, including the Goods being fabricated and Services being performed at a location other than the Site, for the purpose of testing and inspecting the Goods and Services so as to remain familiar with the progress and quality of all aspects of the Goods and Services, and to be able to determine that the Goods and Services are proceeding in conformance with the requirements of the Contract Documents. The City's authority to order testing, inspect, reject, or otherwise review the Goods and Services will be for the benefit of the City, and such authority will not give rise to any duty or responsibility on the City to the Contractor, Subcontractors, or their agents, employees or other persons supplying the Goods or performing any of the Services, to order testing, inspect, reject, or otherwise review the Services.

3.8 The Contractor will, as part of the Services, perform or cause to be performed all tests and inspections as are called for or required under the Contract Documents, or as may be required by Laws, for the performance of the Services. The tests and inspections required by the Contract Documents or by Laws are for the City's benefit and acceptable test and inspection results will not relieve the Contractor of any of its duties, obligations or responsibilities under the Agreement to perform the Services and to correct defects or deficiencies in the Goods or Services, all in accordance with the requirements of the Contract Documents.

#### **4. Compensation**

4.1 As payment for the performance of the Services, the City will pay the Contractor the Contract Price.

4.2 The Contract Price will be the entire amount of compensation owing to the Contractor for the complete performance of the Services and this compensation will cover and include all profit and all costs of supervision, labour, material, equipment, transportation and delivery, overhead, financing, all taxes (excluding only GST and PST), and all other costs and expenses whatsoever incurred by the Contractor in performing the Services.

4.3 The City will pay any GST and PST applicable to the Contract Price.

4.4 All payments will be in Canadian funds, unless otherwise stated.

4.5 The Contractor acknowledges and agrees that pursuant to applicable Laws, payments to non-residents for any work performed in Canada may be subject to a Non-resident Withholding Tax of fifteen (15%) percent, and that the City will withhold such amounts as are required in accordance with applicable Laws.

4.6 Neither party shall be responsible for any taxes based upon the other's net or gross income or net or gross receipts, or taxes which are capital, property, doing

business, excess profits, net worth, or franchise or port fees (including any interest and penalties thereon).

#### **5. Application for Payment**

5.1 The City will pay the Contractor the amount of each invoice, less any holdbacks, thirty (30) days after receipt of the invoice. In addition to any other information as may be required in accordance with the Contract Documents, the Contractor will include in each invoice submitted to the City under the Agreement, at a minimum, the following:

- i) the title and reference dates or numbers for the Agreement, if any, as may be set out in the Contract Documents;
- ii) the City's purchase order number in respect of the Agreement;
- iii) the amount of GST and the amount of PST charged in respect of the fees set out in the invoice, as separate line items; and
- iv) the Contractor's GST number.

5.2 If the City disputes any amount claimed on an invoice, the City will pay the portion of the invoice it determines is owing and will include with the payment an explanation for any such reduction or non-payment. The City may withhold payment under this Agreement for any disputed amount, without interest, until such dispute is resolved.

5.3 No payment made to the Contractor by the City will at any time constitute approval or acceptance of any Goods or Services under the Agreement, nor be considered a waiver by the City of any of the terms of the Agreement, nor relieve the Contractor of any of its duties, obligations or responsibilities under the Agreement to perform the Services in accordance with the requirements of the Contract Documents, nor constitute a waiver by the City of any terms of this Agreement or other rights at law or in equity.

#### **6. Changes**

6.1 The City may, without invalidating the Agreement, by Change Order delivered to the Contractor, change the Services by revising, deleting from or adding to the Services, with reasonable adjustments, if any, to the Contract Price or the time for performance of the Services or both. The Contractor will not proceed with any change prior to the receipt of a Change Order. No claim for an adjustment to the Contract Price or the time for the performance of the Services may be made without a Change Order.

6.2 Should the Contractor request a change to the Services, the Contractor must provide the City sufficient information to justify the change order and sufficient time to review the change. In accordance with Section 6.1, the Contractor will only proceed with the change if the City provides written direction to proceed with the change via a Change Order.

6.3 Unless expressly provided otherwise in the Contract Documents, the correction of a defect or deficiency in the Services or in any Deliverables will not be considered a change in the Services.

## 7. Force Majeure

7.1 If either the Contractor or the City is delayed in the performance of any of their obligations under the Agreement as a result of an event of Force Majeure, then the party claiming the delay will be excused from performance of such obligations, provided that party gives written notice to the other party and mitigates the effect of the delay. The party delayed by an event of Force Majeure will be entitled to an extension of the time for the performance of the affected obligations equal to the impact of the delay caused by the event of Force Majeure, but will not be entitled to, nor will such party make any claim for, reimbursement or the payment of any costs suffered by that party as a result of the event of Force Majeure.

## 8. Acceleration

8.1 The City may, at any time, deliver written notice to the Contractor to accelerate the performance of the Services at the City's convenience and any such acceleration will be a change to which Section 6 will apply.

## 9. Right of Set-off

9.1 The City may set-off, as against any amounts due to the Contractor, any amount owing from the Contractor to the City.

## 10. Indemnity

10.1 The Contractor agrees to indemnify, hold harmless and assume the defence of the Indemnitees from and against all claims, demands, causes of action, suits, losses, awards, settlements, damages, costs, liabilities, expenses and judgments, including legal costs on a solicitor and own-client basis, made against or incurred by the Indemnitees, or any one of them, arising, directly or indirectly, from or in any way connected with:

- a) the Contractor's performance of the Services or purported performance of the Services;
- b) any failure of the Contractor to fulfill its obligations under this Agreement;
- c) any breach of any representation or warranty given by the Contractor in this Agreement; and
- d) any actual or alleged unauthorized disclosure, use or infringement of a third party's patent or intellectual, proprietary or industrial property rights to the extent resulting from or caused by the performance of the Services or the actions or omissions of the Contractor, its employees, shareholders, directors, officers, agents and subcontractors, or those for whom such persons may in law be responsible, or otherwise asserted against the Indemnitees, or any one of them.

10.2 Without limiting the Contractor's obligations under subsection 10.1, if any part of the Services uses any patent or intellectual, proprietary or industrial property rights or anything else which infringes the rights of others or which is alleged to infringe the rights of others, then the Contractor will, at its own cost and expense, immediately:

- a) procure for the City an irrevocable, perpetual, nonexclusive, fee-free, royalty-free, non-assignable license for the City to use such patent or intellectual, proprietary or industrial property rights for the purpose of obtaining the whole benefit of the Services or any part of the Services;
- b) replace or alter the infringing or allegedly infringing parts with non-infringing parts of equal or better quality so as to meet or exceed the requirements of the Agreement; or
- c) if permitted by the City in writing, forthwith refund the amount paid by the City to the Contractor under the Agreement with respect to the infringing or allegedly infringing parts.

10.3 The provisions of Section 10 survive and apply after the expiry or earlier termination of the Agreement.

## 11. Exclusion of Consequential Damages

11.1 Notwithstanding anything else in the Agreement, neither party is liable to the other party for that other party's own:

- a) special, contingent, exemplary, punitive, indirect, incidental or consequential loss or damage;
- b) loss of anticipated revenue, overhead or profit;
- c) loss of production, business or contracts;
- d) loss by reason of shutdowns, non-operation or increased costs of construction, manufacturing or operation; or
- e) loss of business reputation or opportunities,

of any nature arising at any time or from any cause whatsoever relating to the Agreement, and whether or not such losses or damages were foreseeable even if a party was advised of the possibility of them.

11.2 The provisions of Section 11 survive and apply after the expiry or earlier termination of the Agreement.

## 12. Insurance

12.1 The Contractor will, at its own expense, carry and keep in force during the term of the Agreement, the following coverages:

- a) Comprehensive General Liability Insurance with a minimum limit of \$5,000,000 inclusive per occurrence for bodily injury and property damage and \$5,000,000 for personal injury. The City, its officers, officials and employees will be added as additional insureds under the policy. The policy or policies will cover all premises and operations necessary or incidental to the performance of the

Agreement, including the following coverages:

- i) contractual liability assumed under the Agreement;
  - ii) contingent employer's liability with respect to operations of Subcontractors;
  - iii) owner's and contractor's protective liability;
  - iv) cross liability;
  - v) automobile liability (non-owned, hired);
  - vi) completed operations liability twenty-four (24) months after completed operations; and
  - vii) voluntary medical payments;
- b) Automobile Liability Insurance providing liability coverage for claims of bodily injury and property damage arising from the use of owned and hired motor vehicles in connection with the Services, and the Contractor will ensure that all Subcontractors obtain and maintain such coverage;
- c) Contractor's Equipment Insurance, where applicable, in an all risks form covering construction machinery and equipment used for the performance of the Services;
- d) such additional coverage, Subcontractor coverage, or amendments to the above policies as the City may reasonably require; and
- e) such additional coverage as may be required by Laws.

12.2 All insurance policies required to be carried and kept in force by the Contractor will provide that they cannot be cancelled, and that the policy limits cannot be materially reduced, without at least thirty (30) days' written notice to the City.

12.3 Prior to the performance of any of the Services under the Agreement, the Contractor will, for each insurance policy required to be carried and kept in force by the Contractor, submit to the City either a copy of the certified insurance policy, with all necessary endorsements attached, or suitable certificate of insurance, if requested by the City.

12.4 All policy limits and types of insurance specified in subsection 12.1 are the minimum policy limits and types of insurance that are to be provided. The Contractor will be solely responsible for determining whether the policy limits and types of insurance are adequate and for placing any excess insurance and any additional insurance which it considers necessary to protect and indemnify itself.

12.5 The Contractor will be liable to the City for all claims and claim costs excluded by, or in excess of the policy limits of, applicable insurance policies, and neither the providing of insurance by the Contractor in accordance with the requirements of Section 12, nor the insolvency, bankruptcy or the failure of any insurance company to pay

any claim occurring will be held to relieve the Contractor from any other provisions of the Agreement with respect to liability of the Contractor or otherwise.

12.6 The Contractor expressly waives all rights of recourse against the City for loss or damage to the Contractor's property.

### **13. Site Safety**

13.1 To the extent any of the Services are performed on the Site or Delivery Point, the Contractor will comply with any Site or Delivery Point safety requirements.

### **14. Representation**

14.1 Subject to subsection 14.2, for all purposes hereunder:

- a) the City will be represented by the City of Richmond's Manager, Purchasing; and
- b) the Contractor will be represented by the person nominated by the Contractor in writing prior to commencement of the Services.

14.2 Either party may, at any time and from time to time, change its representative by giving prompt written notice to the other party of such replacement.

14.3 Notwithstanding subsection 14.2, if, at any time, the City's representative objects to the Contractor's representative, then the Contractor will give consideration to replacing the Contractor's representative with a person acceptable to the City's representative. The Contractor's representative may, at the Contractor's election, be an employee of the Contractor, be a Subcontractor or an employee of a Subcontractor, or be any other third party.

### **15. Confidential Information and FOIPPA**

15.1 The Contractor will maintain confidentiality on all information provided by the City to the Contractor or otherwise acquired by the Contractor in any way related to the Agreement or the Services. The Contractor covenants that neither the Contractor nor any of its employees, officers, agents or representatives will divulge or disclose any of such information to third parties, except as required by law or any authority having jurisdiction, or use any such information for any purpose other than as required to perform the Services under the Agreement without the prior written consent of the City. Upon request by the City, the Contractor will either deliver to the City or permanently delete and destroy all paper and electronic documents and other records in the Contractor's possession, power or control.

15.2 The City is subject to FOIPPA and, accordingly, in order for the City to comply with the requirements of FOIPPA, the Contractor will, prior to or at the same time as providing the City with copies of, or access to copies of, any records containing personal information (as defined in FOIPPA) of the Contractor's or any Subcontractor's employees, obtain the written consent of each affected individual to the indirect collection of his or her personal information (as defined in FOIPPA) by the City. Upon

request, at any time, the Contractor will provide, within five (5) days of such request, evidence satisfactory to the City that such consent has been obtained.

15.3 The Contractor acknowledges and agrees that it is a service provider (as defined in FOIPPA) to the City and that it is subject to the provisions of FOIPPA with respect to the personal information (as defined in FOIPPA) to which the Contractor may have access pursuant to the Agreement. If the City provides any personal information to the Contractor or the Contractor otherwise obtains access to any personal information in the City's custody or control, then the Contractor will comply with all applicable provisions of FOIPPA, including those provisions regarding the collection, storage, use, protection, and disclosure of personal information.

15.4 The provisions of Section 15 survive and apply after the expiry or earlier termination of the Agreement.

## 16. Termination

16.1 If the Contractor should fail or neglect to undertake the performance of the Services properly and expeditiously, then the City may, by written notice to the Contractor, require such default to be corrected. If within seven (7) days after receipt of such notice, the default has not been corrected or reasonable steps to correct the default have not been taken, then the City may, without prejudice to any of its other rights or remedies, give a further written notice to the Contractor to terminate the Agreement.

16.2 If the Contractor makes an assignment for the benefit of its creditors, is declared bankrupt or commits an act of bankruptcy, becomes insolvent or ceases to carry on business, the City may, without prejudice to any of its other rights or remedies, terminate the Agreement by giving written notice to the Contractor.

16.3 If the City terminates the Agreement under subsection 16.1 or subsection 16.2, then the City will pay the Contractor, in full satisfaction of all claims the Contractor may have, for Services performed in accordance with the Agreement up to the effective date of the termination. Notwithstanding the preceding sentence, the City may deduct from amounts owing to the Contractor any additional costs and expenses incurred as a result of the Contractor's default, and if the amounts owing to the Contractor are not sufficient to cover such costs, then the Contractor will immediately pay the City the shortfall upon receipt of an invoice for such amount.

16.4 The City reserves the right, at any time and for any reason, to terminate the Agreement, at which time the City will pay the Contractor, in full satisfaction of all claims the Contractor may have, for Services performed in accordance with the Agreement up to the date of termination.

16.5 If the Agreement is terminated for any reason, including pursuant to subsection 16.4, the Contractor's obligations described in the Agreement as to quality, correction and warranty will continue in full force and effect

after such termination with respect to the Services performed by the Contractor up to the date of termination.

## 17. Warranty

17.1 The Contractor warrants that all Services will be performed in accordance with the Contract Documents, free from defects in material, workmanship and any design or engineering furnished by or on behalf of the Contractor, and that all Goods will be, except as expressly set out otherwise in the Contract Documents:

- a) new and of recent manufacture;
- b) first quality;
- c) where such Goods are not specified in the Contract Documents, fit for their intended purposes as reasonably inferred from the Contract Documents;
- d) free from design defects, including latent defects;
- e) compliant with the Contract Documents; and
- f) compliant with all Laws and Permits.

17.2 The Warranty Period for the warranty set out in subsection 17.1 will expire twelve (12) months after the earlier of the following:

- a) the completion of the Services;
- b) the City using the Goods; or
- c) one hundred eighty (180) days after the City takes possession and control of the Goods,

except with respect to any matters for which a warranty claim has been made during such period. If any warranty claim is made and any Services or Goods are corrected, repaired or replaced, a new Warranty Period will commence for such corrected, repaired or replaced Services or Goods from the date such correction, repair or replacement is completed.

17.3 Without limiting the generalities of subsections 17.1 and 17.2, the Contractor will assign to the City guarantees and warranties (such that they may be enforceable directly by the City) provided by Subcontractors and other persons performing work for or on behalf of the Contractor with respect to the Goods or Services.

17.4 If defects, including latent defects, are discovered in the Services or the Goods, then the Contractor will correct the defect in the Services or Goods or replace the Goods promptly upon written notification from the City. The Contractor will be responsible for all costs associated with such corrections and replacements, including all costs incurred by the City in relation to such corrections and replacements.

17.5 If the Contractor fails to remedy any defect or damage in the Services or the Goods within a reasonable time, then the City may, at its sole discretion:

- a) carry out the work using the City's own forces or other contractors at the Contractor's sole cost and

risk, and the Contractor will pay to the City, within thirty (30) days after receipt of an invoice, the costs incurred by the City in carrying out such work; or

- b) determine a reasonable reduction in the Contract Price.

17.6 The provisions of Section 17 survive and apply after the expiry or earlier termination of the Agreement.
