Mayor Malcolm Brodie and Councillors
City of Richmond

CITY OF RICHMOND
INFO CENTRE
JUN 25 2010

Richmond, B.C.

Dear Mayor Brodie:

I would like to speak at the
next city council meeting.

I am not in favour of the council
agreeing to allow a six storey wood
frame building to be constructed. I
think it is a fire hazard. The fire
department said they don't have
enough equipment to reach the top
of the building in case of fire.

I strongly believe there should
be non smoking signs at street level
at the Canada Line Brighthouse station.
I would like to know how many fires
have been caused by smoking in
buildings in Richmond in the last
eighteen months.

I would like to be paid by the
city for one dollar a year to give
out tickets to people smoking in
bus shelters.

Thank you for your consideration.

Yours sincerely
M Wregglesworth
