Thompson Early Learning

Rompers Preschool & Time for Twos

2024-2025
School Year

Philosophy

At Thompson Early Learning we believe each child is a unique individual who learns at their own pace through play, hands-on exploration and social interaction.

It is our goal to provide a safe, nurturing and stimulating environment which promotes the healthy development of the whole child in all areas, including social, emotional, cognitive and physical development.

Programs

TIME FOR TWOS is a unlicensed play-based preschool program that prepares younger children for preschool and strives to foster the skill level in all areas of development including social, emotional, cognitive, creative and physical development. The program serves children aged 2 (birth year 2022) and enrolls a maximum of eight children per classroom with two educators.

The programs at **ROMPERS PRESCHOOL** are play-based, child-led and incorporate emergent curriculum. Our Early Childhood Educators are responsive to children's interests and co-create curriculum with the children. Topics of interest are explored through projects using authentic materials to create meaningful learning experiences. The depth and length of projects are determined by the children's sustained interests.

A daily routine is followed in both programs as a guideline to allow the child to develop a sense of safety and trust, and to be clear on what is expected of the child. Activities in the routine may include: open-ended art, group time, science experiments, music & movement, snack time and daily outdoor play, rain or shine.

Thompson Early Learning is an inclusive centre striving to support the diverse needs of all children in our community.

2024-2025

Children must turn the appropriate age by December 31st, 2024.

The preschool year runs from September 10, 2024 to June 19, 2025, with the exception of statutory holidays, public school breaks and two professional development days.

Rompers Preschool has been approved for the provincial Child Care Fee Reduction Initiative (CCFRI). This may reduce monthly preschool fees depending on the days of service that are offered each month. A monthly fee schedule with applied CCFRI rates will be provided upon registration.
