McDonald and Point Grey Tidal Marsh Projects

Proposed McDonald and Point Grey Tidal Marsh Projects

Between May 26 and June 8, 2014 Port Metro Vancouver invites you to participate in a public engagement regarding the proposed McDonald and Point Grey Tidal Marsh Projects.

The proposed projects are initiatives of Port Metro Vancouver's Habitat Enhancement Program and involve the creation of intertidal marsh habitat to benefit fish and wildlife. The proposed McDonald Tidal Marsh Project site is located on Sea Island, north of Vancouver International Airport and upstream of the mouth of the McDonald Slough. The proposed Point Grey Tidal Marsh Project site is located along the eastern portion of the Point Grey Booming Grounds, near the mouth of the North Arm Jetty of the Fraser River.

We invite you to participate by:

- Reading the Discussion Paper and submitting a Feedback Form (in print or online at www.PortTalk.ca/HabitatEnhancement)
- Signing up for the PortTalk web forum:
www.PortTalk.ca/HabitatEnhancement
- Providing a written submission to:
habitat.enhancement@portmetrovancover.com
- Attending a public open house:

DATE	TIME	LOCATION
Monday, June 2nd	6:00 PM- 8:00 PM	Delta Vancouver Airport, 3500 Cessna Dr, Richmond B.C.
Wednesday, June 4th	6:00 PM- 8:00 PM	UBC: Liu Institute for Global Issues, 6476 NW Marine Drive, Vancouver B.C.

Engagement materials, including the Discussion Paper and Feedback Form, will be available online on May 26. The deadline for submitting a completed feedback form or providing a written submission is June 8, 2014.

All input received during the engagement period will be compiled in an Engagement Summary Report. Port Metro Vancouver will also prepare a Consideration Memo, demonstrating how feedback will be considered by the Port. For more information, please phone (604) 665-9066 or email habitat.enhancement@portmetrovancover.com.

For more information, please phone (604) 665-9066 or email habitat.enhancement@portmetrovancover.com.

Glenrose Tidal Marsh Project: Ongoing Construction Update

- Habitat enhancement work commenced at the Glenrose Downstream site on April 22, 2014. All work has been completed until the fish window of least risk reopens mid-June (including slope protection, perimeter berm and select pile removal). Sand infill is expected to take place near the end of June.
- Work at the Glenrose Cannery site commenced on May 5. Brushing, select pile removal and rip rap blanket construction was completed May 22. Sand infill is expected to be completed when the fish window of least risk reopens.
- Dredging for sand infill and construction of the Gunderson site is expected to take place mid-June.

Field Studies Information: June 2014

Port Metro Vancouver is continuing field studies as part of ongoing environmental and

technical work for the Habitat Enhancement Program. Information regarding field studies being undertaken in June 2014 is available in the Information Centre at www.PortTalk.ca/HabitatEnhancement.

Regards,

The Habitat Enhancement Program Team
