Analysis

Activities and Noteworthy Files

*Bike Registration*

On September 5, 2017, Project 529 bike registrations were offered at the Community Police Offices located at the City Center, Steveston and South Arm locations. Richmond registrations can be managed through a smart phone app, ‘529 Garage’, that is downloadable.

*Organized Crime Initiative*

On September 5, 2017, Richmond RCMP officers from the Organized Crime Unit and General Duty patrol partnered to conduct proactive gang patrols throughout the City of Richmond. These patrols will be focused on areas being frequented by gang members. This initiative is aimed at deterring gangs from using Richmond as a place to do business, disrupting the day-to-day movements of gang members and associates, and increasing overall public safety.

*Homicide*

On September 18, 2017, the Richmond RCMP was called to the 7500 block of Bridge Street for a report of a shooting. Upon police attendance, an adult victim was located and despite all attempts to revive the individual he succumbed to his injuries. The incident does not appear to be a random attack and the matter is under investigation.
Bait Bike

On September 21, 2017, Richmond RCMP Property Crime Unit officers deployed a Bait Bike in the downtown corridor of Richmond and 10 minutes later the officers made an arrest. A male has been charged with one count of Theft Under $5000. Bait Bikes are currently being deployed throughout Richmond and are closely monitored to combat bicycle theft.

YVR Luggage Thief Arrested

On September 26, 2017, Richmond RCMP YVR Detachment officers arrested a suspect in the International Terminal Building of YVR. Through investigation it was determined that the individual had stolen luggage from luggage carousels before the respective owners could retrieve their property. A suspect was identified and a male fitting the description was observed by YVR Security staff. RCMP officers initiated an arrest shortly thereafter.

Analysis of Crime Statistics

Arson

In September 2017, there were two incidents of arson, which is a 33 per cent decrease from August 2017 and no change from September 2016. Arson at this time is below the five-year statistical average range.

Assault Serious (Assault with a Weapon)

There were 18 assault serious events, which is a five per cent increase from August 2017 and a 28 per cent increase from September 2016. Assault serious is above the five-year statistical average range. A file review was done on these events and no significant patterns were noted.

Auto Theft

There were 32 auto theft incidents, which is an eight per cent decrease from August 2017 and a 33 per cent increase from September 2016. Auto theft is within the five-year statistical average range. A file review indicates that older model Honda Civics (1990s) were stolen throughout the month and there continues to be a large number of vehicles that are stolen from Richmond and recovered in nearby jurisdictions such as Surrey. A number of auto theft files are unsuccessful attempts.

Drugs

There were 57 drug incidents, which is no change from August 2017 and a 1.7 per cent decrease from September 2016\(^1\). September 2017 drug incidents within five year statistical average range.

**SEPTEMBER 2017 STATISTICS**

**RICHMOND RCMP**

This chart identifies the monthly totals for founded Criminal Code incidents, excluding traffic-related Criminal Code incidents. Based on Uniform Crime Reporting (UCR) scoring, there are three categories: (1) Violent Crime, (2) Property Crime, and (3) Other Criminal Code. Within each category, particular offence types are highlighted in this chart. In addition, monthly totals for Controlled Drugs and Substances Act (CDSA) incidents and MHA-related calls for service are included. Individual UCR codes are indicated below the specific crime type. For 2017, some inclusion criteria have been modified to improve accuracy and accommodate RCMP scoring regulations. For more information, contact Richmond Crime Analysts.

The Average Range data is based on activity in a single month over the past 5 years. If the current monthly total for an offence is above the expected average range (using a standard deviation), it will be noted in red, while below expected numbers will be noted in blue. Year-to-Date percentage increases of more than 10% are marked in red, while decreases of more than 10% are blue.
