Name of Local Government Project Proponent(s)	City of Richmond
Name of Third Party Verification Organization	Davies and Company
Project Contact	Jon Davies, CPA CA Title Chartered Professional Accountant – 302-6880 Wallace Drive, Brentwood Bay, BC Phone 250 888 8097      Email: <a href="mailto:jondavies@shaw.ca">jondavies@shaw.ca</a>
Project Information	
Project title	Concrete and Asphalt Recycling at Sidaway Yard Sidaway Concrete Recycling Project – 2017 Emissions Report Plan
Timing and Amount of reductions being claimed	Please indicate the amount of GHG reductions, expressed in tonnes, being claimed from the project and the timeframe during which the emission reductions being claimed occurred. Number of tonnes: <b>539 tonnes of CO2e</b> January 1, 2017 to December 31, 2017
Certification that the required work occurred	<input checked="" type="checkbox"/> I declare that the project work required to achieve the GHG reductions from this project, as estimated by the validated Option 2 project formulas/methodologies, actually occurred during the year in which they are being claimed, as per the <i>Becoming Carbon Neutral</i> guidebook
Third Party Verification Form: Authorization and Sign off	
<p><u>Third Party Verifier</u></p> <p>I have conducted a review of the GHG reductions reported by the City, and the supporting emission reductions calculations. See detailed third-party verification report.</p> <p>As a result of my observations and review of the information provided in the project emissions report for 2017, the project to baseline comparison, and the resulting emission reductions case, nothing came to my attention to suggest that the reported reduction is not supportable and reasonable for the purposes intended. I have not performed an audit and this report does not constitute an opinion on the overall emission reduction calculations.</p> <div style="text-align: center; margin-top: 20px;">  </div> <p>Davies &amp; Co.
