

The applicant is responsible for purchasing and installing informational signage on the site. If you have any questions, please contact the Development Applications Clerk at 604-276-4395.

Content

The outline of the development site, as given in the application, must be outlined in **BLUE** for a *Development Permit Application*. The Development Applications Department, by letter, will provide the appropriate text for the sign shortly after the application has been submitted to the City of Richmond. Should the intent of the application change, it is the applicant's responsibility to ensure that the signage is altered as appropriate.

Size

Signs should be approximately 1.2 m x 2.4 m.

Location

Signs must be placed so that they can be clearly read from streets and be clear of all site obstructions. Where a site abuts two separate but unconnected improved public roads, two identical signs must be placed on the site, one on each road.

When placed at ground level the sign should be located within the site, approximately 3 m from any property line. The top of the sign should be approximately 2.4 m high.

When secured to the face or outside of a building the top of a sign should not be more than 4.8 m from the ground.

Installation

Unless secured to a building, the sign should be supported only by posts and poles.

Signs must be installed in a sound, workmanlike manner, capable of withstanding wind and weather.

Signs must be posted and maintained, by the applicant, until Council has made a final decision.

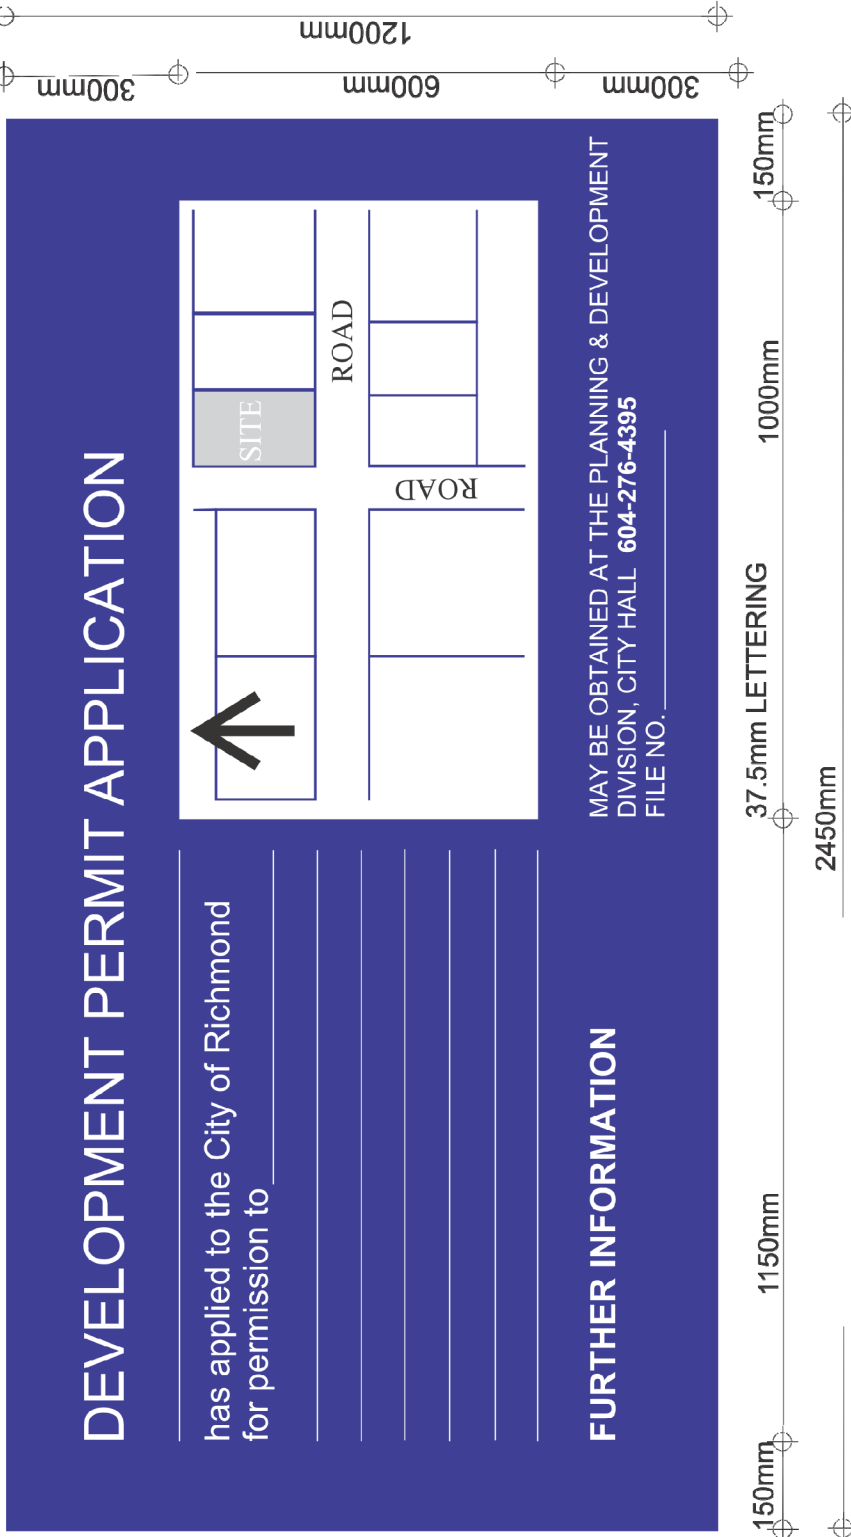

Installation Notification

The applicant or agent must advise the Development Applications Department when signs have been installed on site. The *Development Permit Application* will not normally be considered the Development Permit Panel unless the required sign has been in place for 14 days prior to the meeting.

Removal

The sign must remain in place until Council has made a final decision on the application. The sign **must be removed** from the site no later than **14 days** after Council's final decision.

Notification of Sign Placement for a Development Permit Application

Development Applications Department
6911 No. 3 Road, Richmond, BC V6Y 2C1

www.richmond.ca

Contact: 604-276-4395 Fax: 604-276-4052

Date: _____

Project Location: _____

File No.: _____

(Place photograph here.)

The photograph should clearly indicate:

- a) The sign's placement; and
- b) The text on the sign.

I hereby certify that the sign depicted in the above photograph has been placed on the site of our
Development Permit Application.

Application's Signature

A change of intent will require you to amend your sign. The sign must be maintained until Council approves or denies the application and must be removed.

This form should be returned to City of Richmond, Development Applications Department,
6911 No. 3 Road, Richmond, BC V6Y 2C1.
