Courtesy Play Guidelines

- Place your paddle in the next available slot on the paddle rack.
- Do not use a second paddle to reserve a court while you are playing. Do not use a paddle to reserve for someone else.
- Watch for your turn and listen for the “court open” call so the next group can start play.
- Either play a game to 11 points, or play for 15 minutes.
- Move on and off the courts as a group to minimize interrupting other games.
- To play as a foursome, arrange your paddles together in the paddle rack and proceed to the court when it’s your turn.
- Singles play is permitted; however, doubles play is encouraged during busy times.
