

---  
**Subject:** Parks, Recreation & Culture committee

I am writing to request to appear as a delegation to the Parks, Recreation & Culture Committee on July 24th. The eyeGO youth council, eyeGO youth coordinator along with the Gateway Theatre would like to present a proposal to City of Richmond for a new program called eyeGO. This program offers high school students access to any discipline of the arts from participating partners for \$5. The eyeGO youth council was formed as a leadership group to promote the program to other youth and develop marketing materials to be used in the community. We are the first City in the Province to be engaging youth in this level of arts access. The project we would like supported by the City of Richmond is a BC Launch of the program in September produced by the Richmond eyeGO youth council.

Thank you,

Suzanne
